RUM DRIVE SPEEDS UP

Attack Aimed at Smugglers
Six Arrested in Search for Killers of Patrol Officer on El Paso Border

Several Runners Slain in Two Intense Skirmishes; Ring Heads Sought

EL PASO, July 23. (AP)—A broad offensive against rum runners brought on by fights between border patrolmen and smugglers was in progress late today with its first aim that of ferreting out the slayers of Ivan E. Scott, patrol inspector who was given the "tiro de gracia" after smugglers had mortally wounded him and forced five of his companions to retreat under fire.

Two other skirmishes followed the pitched battle that resulted in Scott's death at dawn last Sunday, and in each the American forces were far outnumbered. Scott's fellow-officers rallied and rushed the position of the smugglers, killing several according to their own reports, and retrieved Scott's body.

At dusk yesterday four patrolmen engaged more than twenty Mexicans in another pitched battle, killing two smugglers and wounding three others. The Americans escaped without injury, but a battle lasting more than an hour in which several hundred rounds of ammunition were fired.

TRUCK SEIZED
A truck, stolen from an El Paso paving company, and filled with 150 gallons of liquor, together with three expensive automobiles, and three negroes were taken by the patrolmen after the smugglers had been driven across the Rio Grande. Three Mexicans were captured, and a truck load of whiskey which they said was destined for Denver.

At dusk yesterday four patrolmen engaged more than twenty Mexicans in another pitched battle, killing two smugglers and wounding three others. The Americans escaped without injury, but a battle lasting more than an hour in which several hundred rounds of ammunition were fired.

Equity's Idea!

MARINES IN NICARAGUA RECALLED

Hoover Orders 1200 of Force Home, Leaving 2300 Remaining on Duty There

WASHINGTON, July 23. (AP)—Twelve hundred marines today were ordered withdrawn from Nicaragua. This announcement was made by President Hoover. A total of approximately 2300 marines will remain in the Central American republic.

Decision to take this action was reached upon the basis of reports from Nicaragua that order has been restored generally and that more marines are being maintained there than is necessary.

The Navy has tentatively assigned the transport Henderson to start from California August 10 next to bring the marines home.

The large number of marines ever stationed in Nicaragua was 4100 about the time of the general election last November, when the marines were charged with maintaining order at the polls.

WHAT CAN WE DO HERE TO KEEP FRUIT FLY OUT?

Florida's Plight Grim Lesson to Us to Strengthen Quarantine and Ban the Fruit Bootlegger

BY JOHN STEVEN McGRADY
The Los Angeles Times sent Mr. McGrady to Florida to make a first-hand investigation of the Mediterranean fruit-fly situation, to observe and report the most basic of this grave menace to the whole fruit and vegetable-growing industry of the United States, and to ascertain, from all available data, the exact measures to be taken to prevent its spread.

While I was in Florida, a witness of the desolation of its gorgeous beauty, standing appalled at its economic paralysis, I could not help but think of what might well happen to our beloved California if the Mediterranean fruit fly were successfully to invade our borders.

And now that I am home again I am seized with a wild impulse to go up and down the sunny stretches of the opulent miles between Siskiyou and San Diego, crying a crusade as Peter the Hermit did in the days of old.

What I mean is that I wish I had the power to make the State government and our people in general realize that neither money nor pains must be spared to save California from the fate that has befallen our lovely and devoted sister commonwealth.

OPEN WAR CHARGED

Hostilities Laid to Soviet
Invasions and Seizures of Munition Trains Cited by Chinese

Interpretation of Activities Said to Presage Kellogg Pact Violation

MUKDEN, MANCHURIA (China) July 23. (AP)—The northeastern provincial governments of China today issued a long declaration in which it is declared that soviet Russia had actually begun hostilities by the seizure of Chinese cargo boats and freight trains and by sending airplanes over Chinese territory.

An English translation of the manifesto was given out here and it is said the Chinese version will be issued at Hankow. It declared that "apparently this (action by Russia) will lead to a break of the Kellogg antiwar pact."

The statement reviewed at great length the relations between China and soviet Russia and dwelt on the charges already made at Hankow that soviet government officials had used their positions to further Communist propaganda inimical to China. These repeated violations of Kellogg's antiwar pact, it was said, were held to justify Chinese action in removing the Russian management of the Chinese Eastern Railway in this province.

It was said that while the central government of China already had notified the Union of Soviet Socialist Republics of its disapproval of the political council of the northeastern provinces wished to emphasize its importance by publishing this declaration. It was signed by the Liaoning provincial government, the Kirin provincial government and the Hei-Lung-Kiang government.

JAPAN SAID TO HAVE BANNED TROOP MOVEMENTS
LONDON, July 23. (AP)—A Reuters dispatch from Tokyo today said it had learned authoritatively that the commander of the Japanese garrison in Manchuria had instructed the South Manchurian Railway to refuse to transport Chinese troops and munitions through Manchuria.

SOVIET NEWSPAPER GIVES GOVERNMENT'S POSITION
MOSCOW, July 23. (AP)—The semi-official newspaper, Izvestia, commented today on the rejection of the French offer of mediation in the Far East, declared today that there are few cases in the history of international disputes where the legal point of view could give rise to as little doubt as in the conflict over the Chinese Eastern Railway.

ROBIN BREAKS AIR MARK; FLIES ON TO NEW RECORD

Champions Fear Oiling Trouble; to Stay Up Till Motor Quits; Crowd Acclaims Feat

ST. LOUIS, July 23. (AP)—Dale (Red) Jackson and Forest O'Brien, having flown their St. Louis Robin longer than man has ever before remained in the air in sustained flight, continued to cruise high above Lambert-St. Louis Field tonight, their eleventh night in the air. At midnight they were still going smoothly.

They had set a new world's endurance record at 3:00:02 p.m. when they had been up 247 hours, 45 minutes and 33 seconds. At 6:17 p.m. they passed 251 hours aloft. The old record was 248 hours, 43 minutes and 33 seconds, set July 13 at Culver City, Cal., by Loren W. Mendell and Roland B. Reinhardt.

Apparently less excited than were the thousands who gathered on the field below them for the greatest demonstration since Col. Charles A. Lindbergh returned home to that same field after his New York-to-Paris flight, Jackson and O'Brien settled down to the grind of testing their endurance in cramped quarters against that of the motor of their airplane. To them the endurance part of the flight had just begun.

KEEP OVER FIELD
Their plane is an orange-colored stock model Curtiss-Robin monoplane powered by a new Challenger motor. Maj. William B. Robertson, president of the Curtiss-Robinson Airplane Manufacturing Company, which is sponsoring the flight, has ordered the flyers to remain in sight of the field now that their endurance part of the flight had just begun.

It is their intention to remain up until the motor gives out, and they hope it will last three weeks. However, notes that some mechanical difficulties had begun to arise were given today when the flyers dropped a note requesting rags with which to wipe oil from the windshield. They were that the main rods were spraying oil over the windshield, annoying them considerably. It was a leaky oil line that forced a sister plane, the Missouri Robin, to land yesterday after having been up over 117 hours. No further mention was made of the trouble tonight.

O'Brien's parents, Mr. and Mrs. Samuel O'Brien, and his sister, Ruby, arrived at the field in time to see the flyers break the record, having made the trip here by automobile from Cedar Rapids, Iowa.

TRAVEL 13,000 MILES
Jackson and O'Brien have traveled more than 13,000 miles, their average speed being about thirty miles an hour. At the time they broke the record, they had used 2100 gallons of gasoline, ninety-five gallons of oil and had made forty-five refueling contacts.

Jackson is only 33 years of age, but is known as a veteran flyer. He established a record of 417 barrel rolls in a Robin monoplane last year. He also participated in the coast-to-coast air races last year. O'Brien, 33, is chief test pilot for the Curtiss-Robinson company. He was an instructor in a flying school at Marshall, Mo., before coming to St. Louis last year.

DIPLOMACY SCRAPPED

Stimson Details Antiwar Moves
He Just Forgot Precedence and Pitched in to Put Skids Under Mars

"Suggestion" Sent Briand He Remind Russia of Her Strife Renunciation

WASHINGTON, July 23. (AP)—Just how Secretary Stimson moved last week to avert a Russian-Chinese war has generated much speculation in world capitals, and tonight he disclosed that traditional diplomatic custom has been disregarded.

"Frankly, the question of precedence," he said, "is a thing I haven't been thinking about, important as it sometimes is. I have been thinking about getting something done, getting public opinion of the world mobilized against the two countries going to war, and as long as the different important countries in Europe and here who control public opinion are mobilized against war and are doing something to stop it, I don't care about the question of precedence or who does it first."

This assertion was in response to questions about the course in sending Russia and China of their renunciation of war, through adherence to the Kellogg-Briand treaty, and particularly whether the admission to sign except the signature of Stimson himself through Foreign Minister Briand of France, or was advanced by the minister himself.

Mr. Stimson declared the latter point to be of no importance. The suggestion was relayed to Briand, he said, that the minister get in touch with Russia if he felt the same as the Secretary on avoidance of war. Stimson added he also suggested through Ambassador Claudel of France that—if the matter was taken up with Russia—it be done by Briand on his own responsibility and representing France.

News advices from the Japanese capital said a feeling prevails that Japan was alarmed diplomatically, because no notification was received of Stimson's move. The Secretary said today, however, that so far as he knows such reports are unfounded. He declared Japan was operating for peace in the Far East, and recalled having informed Ambassador Ducloux of Japan of his action to remind Russia and China of their treaty obligations the day it was taken.

HUMOROUS ANGLE
Information from Moscow has asserted an absence of any reference to Stimson in discussions of the present difficulty with China. The reaction regarding circumstances surrounding the reminder about the Kellogg-Briand treaty is reported in some circles as being more humorous than serious, with Russian officials pictured as construing the American State Department's course as being a studied and worried effort to avoid the slightest move which might be seized as constituting quasi-recognition of the soviet government.

Meanwhile it developed today that Germany has been invited to today.

GREAT CHAIN MAY LINK UP TIRE STORES

Thousand Independent Dealers Plan Merger and \$100,000,000 Corporation

CHICAGO, July 23. (Exclusive)—A proposed merger of several thousand independent tire stores into a \$100,000,000 chain was announced here today following a meeting of the board of directors of the National Tire Dealers Association.

Details of the merger are to be submitted to the membership of the association at its annual convention in Chicago next November. The new organization would be known as the United Tire Store Corporation of America and would wield the independent dealers into one gigantic concern. According to an announcement of the board of operation and meet changed conditions in the tire and automobile industry.

LADY ASTOR IN BITTER ROW

Virginia-Born Member of British Commons Publicly Urged by Speaker to Keep Quiet

LONDON, July 23. (AP)—Lady Astor, Virginia-born member of Parliament, tonight was told by the presiding officer in the House of Commons that she would be glad "if the honorable lady would kindly keep quiet."

The removal of extraneous words of guardians Lady Astor had mentioned the word "corruption." "The members immediately pressed her to name a single instance and on receiving only a general answer asked her to withdraw the allegation. She declined to do so and Jack Jones said it was perfectly proper she should come from a country where they know something about corruption that Lady Astor was so glib about it.

Will Rogers Remarks

BEVERLY HILLS, July 23.—[To the Editor of The Times:] Mr. Hoover's farm board already has helped the farmer beyond all expectations. They have told the \$8,000,000 farm relief societies that they didn't need them, and wouldn't do anything through them.

That's all the aid the farmer has ever needed, just to be relieved of the people who were making a living off of him trying to relieve him.

China and Russia have gone to war, but they don't want the news to get out. They want to keep it quiet. Tokio has been bromic, our flyer, permission to land in Japan. If he hadn't gotten it, he would have had to fly back to Tacoma, near Mt. Seattle.

Yours,
WILL ROGERS

FIRE RAGING NEAR PIRU

Thousand Acres of Ventura County Watershed Burns, With Entire Area Menaced

PIRU, July 23. (Exclusive)—More than 1000 acres of watershed, valued at \$100 an acre for that purpose, have been burned over by a fire that is ravaging the brush land in Hopper Canyon near this city. It was reported by fire wardens today. Because of the inaccessibility of the area it has been almost impossible to get around the fire. There are bluffs and much rugged country in that vicinity, it was reported.

The fire late this afternoon is being held along the creek in Hopper Canyon with Ray McCormick of the United States Forest Service and his men holding the east line and the county force keeping the fire from jumping the western line of Hopper Canyon. There are approximately 120 men working on the fire and it is expected that more volunteers will be called for. It is said that if the fire can be kept on the east side of the canyon it can be driven toward Hopper Canyon where it will meet an old burn and can be fought more readily. If the fire jumps the canyon the whole watershed of Ventura County will be in danger. The disastrous fire, started sometime Sunday, is thought to have been caused by a gas engine on the

ALTAIRAS, July 23. (AP)—A huge timber fire is raging unabated in the Pandano district thirty miles north of here today, completing its second day of destruction. More than 300 men are on the fire lines attempting to stem the fast-spreading flames.

RUSSIAN ENVOY SENT TO BRITAIN

Conference on Restoration of Relations Sought

Soviets Confident Trade Can be Resumed Soon

Ambassador in Paris Ordered to Proceed to London

MOSCOW (U.S.S.R.) July 23. (AP) The Soviet government believes that negotiations on the procedure for restoration of trade and diplomatic relations with Great Britain can be concluded quickly and to that end Ambassador Dvorkovsky in Paris was instructed today to proceed to London.

A note to this effect, signed by Vice-Commissioner for Foreign Affairs L. M. Karakhan, was handed tonight to Norwegian Charge d'Affaires Danielson, who presented the recent communication from Great Britain.

While Ambassador Dvorkovsky is empowered only to discuss means of procedure to a conference, responsible circles here are confident that differences over old Russian debts and propaganda matters to have been carried on abroad will be smoothed out when representatives of the two countries get together around a conference table.

England's offer of resumed relations, or at least opening the way for them, was particularly welcomed at the present moment as leading to hoped-for suspension of the present menacing situation in Manchuria was inspired by a far-reaching aim of Britain to isolate the Soviet Union.

Prominent L. A. Cafe Owner is Like a New Man

"I was in the theatrical business for many years and played in most of the principal theatres in the United States, Europe and Australia. I've been in nearly every civilized country on the face of the globe, and could write a book on my many experiences, but there's one event that stands out above all others, and that is, the way the new Sargon treatment restored me to health."

CARL D. MULLER

The above statement was made by Carl D. Muller, one of the best known restaurant men in Los Angeles. Mr. Muller is proprietor of Muller's Coffee Shop, 724 Hill St., unquestionably one of the most popular cafes in the State. His place is a rendezvous, not only for local people, but for many of the most prominent members of the theatrical world, and is known from coast to coast as "The Home of the Theatrical Profession."

Having married the girl of his choice in Iowa fifteen years ago, Mr. Muller chose Los Angeles for his home and opened his now famous Muller's Coffee Shop.

Mr. Muller, in giving his enthusiastic endorsement of Sargon, said: "I suffered for years with stomach trouble, and although I wasn't sick enough to be in bed, I was just dragging myself around; hardly able to attend to business. I had no appetite and scarcely able enough to keep me going. I was nervous and upset and didn't sleep well. My liver was out of order and my system was in a very toxic condition. I realized that I had to do something to build up my strength and so I started the Sargon treatment."

"I was amazed at my wonderful recovery. Six bottles of this marvelous new medicine built me right up. My appetite is splendid now and I eat whatever I want, with no ill effects. My nerves are back to normal and I sleep like a log every night. My strength and vitality have returned and I'm on the job every minute and feeling fine."

"Sargon Soft Mass Pills regulated my liver perfectly and cleared my system of all toxins. I feel stronger, healthier and better in every way than I have in years."

A special Sargon representative at the Owl Drug Store, 6th & Broadway, in explaining the therapeutic action of this revolutionary new medicine to hundreds daily, Sargon may also be obtained at all Owl Drug Stores in Los Angeles and other cities.

PILES and FISTULA

Permanently removed without surgical operation or defecation from bottles of Sargon. The relief is permanent and no need of rest or diet. Also all other Sargon Diseases cured by our Sargon treatment.

Send for Free Sargon Pacific Coast Proprietary Office 1015 N. Main St., (at 7th St.) Los Angeles, Cal. 90012

Take-off for Tokio Due Within Few Days

Phoebe Omile

WASHINGTON, July 23. (AP)—Phoebe Omile was accredited today by the National Aeronautical Association with having attained an altitude of 11,667 feet in a recent flight at Mojave, Cal. The association said it had not been advised as to what type of ship was flown and, therefore, does not know whether any record has been established.

DRUG DEATH OF WOMAN BRINGS QUIZ

Husband Admits Buying Poison That Took Life of Michigan Bacteriologist

LANSING (Mich.) July 23. (Exclusive)—Police late today were investigating the death during the night of Mrs. Mary Doyle, 24-year-old bacteriologist and graduate of Kansas City (Kan.) University.

The authorities halted transportation of Mrs. Doyle's body to Kansas City and questioned her husband, William Doyle, concerning the circumstances of the young woman's death.

Doyle admitted that he purchased the drug which proved fatal when his wife insisted on taking it despite his protests. Doyle is a factory worker and is known locally for his prowess as a golfer, being a contestant in the championship flight of a city tournament now under way.

The authorities were puzzled by a bruise on the woman's chin and a cut across the bridge of the nose. Doyle's story is that his wife fell in the bathroom after locking herself in.

Mrs. Doyle formerly had been employed in the state laboratories here as a bacteriologist, and was presumably familiar with the use of drugs. She left a 6-month-old baby.

Jury Indicts Chinese Trio

SAN FRANCISCO, July 23. (AP)—Three prominent San Francisco Chinese accused of trying to smuggle nearly 2300 lbs of opium into the United States, were indicted on four counts by the Federal grand jury here this afternoon. The trio were Mr. and Mrs. Ying Kuo and Sun Foon. Ying Kuo was Chinese Vice-Consul in San Francisco until his resignation after the charges were filed, and Sun Foon is Chancellor of the Consulate.

The indicted were charged with attempted unlawful entry of the opium. Mrs. Ying was charged with declaring the baggage containing the drug contained nothing but her personal effects and she was further charged with filing a declaration asserting there was nothing unlawful in her goods. Another count charged them with concealing the opium from customs inspectors.

JELLO KING GETS DIVORCE

Mexican Decree of Woodward Ends Marital Battle in Courts Costing Him \$3,500,000

NEW YORK, July 23. (Exclusive)—Orator Francis Woodward, the Jello king, spent \$3,500,000 of his \$30,000,000 to cure a matrimonial headache. It was revealed here today. While Rockland county courts were grinding away on a divorce suit he had filed there, the Jello manufacturer slipped down into Old Mexico and quietly obtained his freedom from Peris Davis Woodward.

As much was admitted today by Fred C. Scofield of the law firm of Wellman, Smyth & Scofield, representing Mr. Woodward. Mrs. Woodward, smiling in her suite at Hotel Barclay, also confirmed the report.

The suit was uncontested by mutual agreement, she said, and she characterized a report that \$1,000,000 had been settled on her as "accurate enough."

LARGER SUM REPORTED From other sources, it was learned a considerably larger sum had been granted Mrs. Woodward and that two children, Orator, Jr., 9 years of age, and Ruth, 12, who attended boarding schools and camps for the greater part of the year, had received a trust fund of \$750,000 each.

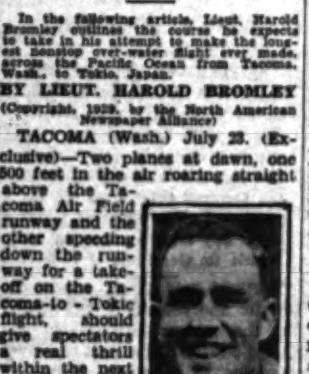

Mr. Woodward will be remembered as the gentleman said by his wife to have had a soul-searing affair on the French Riviera with one Patricia Ala, some time Princess of Turkey, a dancing lady described by some as divine and by others as having a war on her nose.

BROMLEY MAPS FLIGHT ROUTES

Weather Will Determine Course to Follow

One Skirts Alaska Islands and Asia Coast

Take-off for Tokio Due Within Few Days

Harold Bromley

In the following article, Lieut. Harold Bromley, who is expected to take in his attempt to make the longest land-to-land flight ever made, across the Pacific Ocean from Tacoma, Wash., to Tokyo, Japan.

TO HAVE GUIDE SHIP

The City of Tacoma, with her low wing, stubby landing gear, high fuselage and deep cockpit far back toward the tail of the plane, is about the blindest thing imaginable until she gets into the air. It is practically impossible for me to see anything ahead of me except the sky.

That's where this other plane, swooping straight down the runway will help me, as I'll steer by it at the take-off, instead of twisting my neck all out of shape trying to look over the nose of my plane. I'll have something to follow, until the City of Tacoma is in the air.

This isn't really my idea. It was sprung on me by L. W. Pascoe, expert with the Pratt & Whitney people, who arrived here today from California to make a final check on my Wasp motor, figure up the exact gas consumption per hour, and make any necessary final adjustments.

A lot of people are asking about the route the City of Tacoma will take when she points her nose toward Tokyo. Harold Gatty, crack navigator with Commander P. V. Weems, who invented the navigation instruments to be used on the flight, has plotted three courses for me to take in case of bad weather.

TWO COURSES MAPPED From Tacoma I will fly west and over Port Angeles. From there the course is along the west coast of Vancouver Island, within sixty miles of the south tip of Queen Charlotte Island, over to Dutch Harbor on Unalaska Island, where they'll have visible signals out at the radio station.

If they signal bad weather to the north, I'll switch south on the water course to Tokyo along the steamship lane. Otherwise, the course will be sixty miles north, parallel to the Aleutian Islands, then across Attu Island and across to the Kuril Islands, and on down the coast to Tokyo.

Mr. Gatty has also charted a me course along the steamship lanes between Vancouver Island and Dutch Harbor, in case of bad weather on the more northerly route. This northern route, however, would be considerably shorter, if weather permits me to follow it.

I expect to get a lot of weather information by radio, which will make it possible to decide which of the courses to take before encountering any storms. I will also send out my position by radio as often as possible.

ANGELENO'S SON DIES IN RIO DE JANEIRO

RIO DE JANEIRO (Brazil) July 23. (AP)—Kenneth Park, 27 years of age, formerly of San Francisco, a stenographer for the Electric Bond and Share Company here, died today. He had been ill for several weeks with an infected tooth. The body will be sent tomorrow to Dr. L. A. Park of Los Angeles, father of the young man.

ACTION DROPPED

When the Mexican decree became final a few days ago, Woodward's action in Rockland county was dropped.

The Woodward troubles began several years ago, but did not come to the attention of the public until last spring, when the Jello king skipped over to Paris and "kidnaped" his two children from a school in which their mother had placed them. She immediately instituted court proceedings and obtained a writ compelling him to release them to their grandmother.

The couple will share the spare time of their children when they are not in school or in camp.

CLARA BOW HAS REAL GOLD MINE

Film Actress and Others in Hollywood Buy Property in Sierra County

SACRAMENTO, July 23. (AP) Clara Bow, motion-picture actress, has gone into gold-digging in earnest with a group of other Hollywood motion-picture actresses and has acquired a real mine dug in the hills near Alleghany, Sierra county, according to the Department of Mines and Mining here.

The Belmont and the Seneca mines are reported to have been purchased and Pete Flier has been placed in charge of operations by Miss Bow and her film-land associates.

REFORM BILL PASSES

BUCHAREST (Rumania) July 23. (AP)—The Chamber of Deputies today adopted an administrative reform bill, with the social Democrats abstaining from voting and the Liberals, representatives of the minorities and the Averescu members absent from the chamber. Premier Juliu Manu received an enthusiastic ovation.

PLEAD IN COUNTY COURT

The three other partners in the firm of Clarke Brothers, Philip and Hudson Clarke and John Bouker, did not plead with the senior partner in Federal court. In the County Court, where he repeated his plea, they entered pleas of not guilty.

Their trial, set in the County Court for tomorrow, was postponed on their promise to "reveal every-

BANK WRECKER PLEADS GUILTY

New York Man Could be Given 127 Years in Prison

Eldest Clarke Pledges Return of All He Owns

Three Other Partners Say They Will Tell All

NEW YORK, July 23. (AP)—Assuming full responsibility for the \$5,000,000 collapse of the private bank he headed, James Rae Clarke pleaded guilty today to crimes punishable by as much as 127 years in prison.

Sentence was postponed to enable him to make good his promise to strip himself and his wife of all their worldly goods for the benefit of the depositors.

SPECULATION BLAMED

In the County Court he pleaded guilty to thirteen indictments charging commission of a felony in

RAILWAY'S JOB DIFFICULT

Transporting Superpower Transformers Will Require Special Cars and Track Work

ROSELAND (N. J.) July 23. (AP)—A special job in railroading is under preparation by the Erie to transport here from Sharon, Pa., four superpower transformers, each thirty-five feet high.

The transformers are announced by the Westinghouse Electric and Manufacturing Company as the largest in the world, testing at more than 500,000 volts apiece. Each one requires three tank cars of oil to fill the spaces about its coils for insulation.

Though weighing 500 tons each in operation, the transformers will be shipped at 125 tons each, much of the weight saving coming from substituting for the oil a supply of nitrogen gas. The nitrogen is necessary to preserve the insulation during shipment.

The machines will be shipped in special steel flat cars, having centers depressed to give sufficient overhead clearance. At Caldwell, N. J., the room is so scant that the Erie is expected to lower its tracks eighteen inches. The complete equipment requires the equivalent of a train of fifty-six freight cars.

George Gordon Battle, attorney for the Erie, in his address to the Federal and County judges, said the senior partner had made unfortunate investments for the bank and in an effort to recoup had turned to speculation.

James Rae Clarke, who owned 70 per cent of the stock of Clarke Brothers, pleaded guilty in Federal Court to an indictment containing twelve counts charging use of the mails to defraud and one count charging conspiracy so to use the mails. The maximum possible sentence on these counts would be sixty-two years.

PLANE CRASH VICTIM DIES WASHINGTON, July 23. (AP)—Lieut. Clarence M. Knight, United States Marine Corps, passenger in an airplane which crashed near Coatal, Nicaragua, yesterday, killing its pilot and mechanic, died of injuries during the night.

W. S. KING SOON TO LEAVE

Surveyor-General Will Leave Soon to Visit Japan

Veteran Will Visit Japan

New Bureau Building

Son Probably Will Visit Japan

Lands Division

SACRAMENTO, July 23. (AP)—The surveyor-general for the United States, W. S. King, is expected to leave today for Japan, where he will visit the new bureau building in Tokyo.

King, who is a veteran of the Spanish-American war, is expected to visit the new bureau building in Tokyo, where he will visit the new bureau building in Tokyo.

W. S. KINGSBURY SOON TO RETIRE

Surveyor-General Plans to Leave State Service

Veteran Will Resign New Bureau Before End

San Probably Will Receive Lands Division Head

SACRAMENTO, July 23. (AP)—W. S. Kingsbury, state surveyor-general for twenty-one years, announced today that he will resign from the state service as soon as the new division of lands in the department of finance is organized.

Kingsbury will be named chief of this division, which was created by the legislature and confirmed by the voters in the recent election. He is the only person in the state who has held the position of surveyor-general for so long.

He is a native of New York and came to California in 1887. He has been a member of the state bar and has held various positions in the state government.

He is a member of the state bar and has held various positions in the state government. He is a member of the state bar and has held various positions in the state government.

RADIUM VICTIMS STAVE OFF DOOM AND IMPROVE

NEW YORK, July 23. (Exclusive)—Five women victims of the dreaded radium poisoning, who were told a year ago that they had not long to live, still are alive. Two believe their health has improved; another left a hospital after two months when her health was greatly improved.

Three of the victims are residents of Orange, and one of Newark, and the fifth of Hillsdale. The five some time ago brought suit against the company and received \$10,000 each, and their medical bills were paid.

Miss Grace Fryer of Orange, who is employed in a Newark financial institution, has improved greatly, according to her parents. For a time Miss Fryer was taking treatments in New York every other day, but now is required to take the treatments only a week.

Mrs. Albin of Orange is optimistic; although she is considerably more lame than she was a year ago, her general health has improved.

Mrs. Quinlan McDonald has just returned home after a two months' stay in a hospital.

Mrs. Edna Rusman, Hillsdale, and Miss Katherine Schaub are the two who do not believe that they have improved.

Principal powers, were successfully concluded and the representatives of the nations gathered in Paris August 27, 1928, and signed the treaty on behalf of their nations.

Former President Coolidge is to arrive early tomorrow morning from Northampton, Mass., and will leave for home a few hours after the ceremony. Former Secretary Kellogg reached here Sunday.

FACT CEREMONY WILL BE BROADCAST NEW YORK, July 23. (AP)—Ceremonies at the signing of the Kellogg peace pact in the east room of the White House tomorrow afternoon are to be broadcast from Washington by two chains.

Stations of both the National Broadcasting Company and the Columbia Broadcasting Company will come on the air at 1 p. m. eastern standard time (10 a. m. Pacific standard time) for the event, which includes an address by President Hoover. The broadcast is expected to last a little more than an hour.

Coast-to-coast networks are to be used.

ACTION IN TWO YEARS This movement toward world peace becomes an actuality in a little more than two years after the first suggestion for renunciation of war was made by Foreign Minister Briand of France in a message to the American people through the Associated Press, April 8, 1927. That was the occasion of the tenth anniversary of the entrance of the United States into the World War.

Mr. Kellogg, Secretary of State at the time, foresaw in the suggestion a hope for the advancement of world peace. Negotiations, which eventually embraced fifteen of the

REYNOLDS CASE NEARING CLOSE

Son of Tobacco King Many Known Fate Today

LONDON, July 23. (AP)—The British crown rested its case late today against Richard Joshua Reynolds, son of the late American tobacco magnate, on trial for manslaughter as a result of the death of Arthur Graham, an Englishman, in an automobile and motorcycle crash near Burnham last May.

Young Reynolds came to England last spring on a yachting holiday from his home in Winston Salem, N. C. He is the head of the Reynolds Alway Company, Inc., former owner of Curtis Field.

Crown witnesses today testified Reynolds was drunk on the night his automobile is alleged to have crashed into the rear of a motorcycle ridden by Graham.

The case is likely to reach the jury of men and women late tomorrow.

It convicted, Reynolds will be liable to several years' imprisonment.

Reynolds is expected to testify tomorrow under the direction of his legal staff, headed by Norman Bickett, King's counsel. Reynolds entered a plea of not guilty when the trial started yesterday.

Inspector Neal of Burnham testified today that Reynolds still was suffering from the effects of drink the morning after the accident. He said Reynolds then offered to get a specialist to see the injured man.

He quoted Reynolds as saying: "I will give you a check for \$500 sterling for this purpose if necessary."

STATE LANDS WILL BE SOLD

Nearly 800,000 Idle Acres to Go on Market

SACRAMENTO, July 23. (AP)—Nearly 800,000 acres of idle lands in the state are to be thrown open to public sale about January 2, next, Surveyor-General W. S. Kingsbury declared today, under provisions of an act of the last Legislature.

Applications for special parcels of school land may be made to the State Department of Finance by persons desiring to purchase. A. H. Heron, director of the department, stated. Upon receipt of such an application, he said, the parcel of land referred to would be appraised and offered to the first applicant at the appraised price and so on until a sale is made.

The greatest acreage to be opened lies in San Bernardino county, some 305,323.88 acres; Inyo county has 147,879.50 acres and Lassen county is third with 53,323.91. Other counties and the acreages lying within their boundaries are:

Alpine, 1280; Amador, 40; Butte, 160; Calaveras, 40; Colusa, 580; Del Norte, 120; El Dorado, 2520; Fresno, 3280.11; Glenn, 363.37; Humboldt, 3672.22; Imperial, 20,634.67; Kern, 10,623.56; Lake, 7056.08; Los Angeles, 114.17; Madera, 880; Mariposa, 180.78; Mendocino, 6773.20; Merced, 54.89; Modoc, 14,352.29; Mono, 24,522.53; Monterey, 2174.45; Napa, 2416.17; Nevada, 613.80; Placer, 280; Plumas, 3489.04; Riverside, 46,066.33; San Benito, 2503.74; San Diego, 9023.74; San Luis Obispo, 1005.15; Santa Barbara, 319.08; Santa Clara, 697.21; Shasta, 11,640; Sierra, 1240; Stanislaus, 11,122.41; Solano, 280; Sonoma, 300; Stanislaus, 1901.12; Tehama, 6403.31; Trinity, 1603.78; Tulare, 1600; Tuolumne, 1028.37; Ventura, 134.14; Yolo, 603.82, and Yuba county with 306.16 acres.

WYOMING GOVERNOR RIDES WILD HORSE

CHEYENNE (Wyo.) July 23. (AP)—Presidents and governors pitch on the first ball to open the baseball season, but Gov. Frank C. Emerson found his official capacity called for something much more arduous today.

He was called upon to ride the first wild horse out of the chute in the annual frontier-day celebration.

Few spectators realized that the state's chief executive was atop the cream Colorado mount that had been named after him until he had covered a considerable distance on the track—but the Governor held on and earned the plaudits of the crowd.

160; Calaveras, 40; Colusa, 580; Del Norte, 120; El Dorado, 2520; Fresno, 3280.11; Glenn, 363.37; Humboldt, 3672.22; Imperial, 20,634.67; Kern, 10,623.56; Lake, 7056.08; Los Angeles, 114.17; Madera, 880; Mariposa, 180.78; Mendocino, 6773.20; Merced, 54.89; Modoc, 14,352.29; Mono, 24,522.53; Monterey, 2174.45; Napa, 2416.17; Nevada, 613.80; Placer, 280; Plumas, 3489.04; Riverside, 46,066.33; San Benito, 2503.74; San Diego, 9023.74; San Luis Obispo, 1005.15; Santa Barbara, 319.08; Santa Clara, 697.21; Shasta, 11,640; Sierra, 1240; Stanislaus, 11,122.41; Solano, 280; Sonoma, 300; Stanislaus, 1901.12; Tehama, 6403.31; Trinity, 1603.78; Tulare, 1600; Tuolumne, 1028.37; Ventura, 134.14; Yolo, 603.82, and Yuba county with 306.16 acres.

CHICAGO, July 23. (AP)—The body of David Cohen of Chicago, second victim of a speedboat collision off the navy pier last night, was recovered today.

Cohen and Leo Susskind of Yonkers, N. Y., were the only victims of twenty passengers riding on the Chris Craft and the Sea King, which came together at a speed variously estimated at from thirty to forty miles an hour.

SCHMIDT AGAIN SEEKS PAROLE

Dynamiter Asks Release from San Quentin

SAN QUENTIN, July 23. (AP)—Mats A. Schmidt, serving a life term at San Quentin prison for his part in the dynamiting of the Los Angeles Times Building in 1919, applied for parole again today.

Schmidt was committed to the prison with James and John McNamara. James later was released and was rearrested in the East on an embezzlement charge, and now is in prison. John still is in San Quentin prison, where he is acting as a guard over the condemned cells.

There were fifty-seven names in all on the parole application list. There were 100 names on the indeterminate sentence calendar, whose sentences must be fixed.

Among these is Eleanor Walling, committed from Kern county for first-degree robbery.

INSURED INVESTMENT OF THE HIGHEST TYPE"

6%

or Joint Tenants

PLACING an Investment in the names of two or more persons as "Joint Tenants" has real advantages.

On the death of any one of the parties holding such an Investment the surviving party or parties will automatically become the owner without probate. The income during the life of the Investment can be made payable to any one or more of the parties, or to their account in any Bank.

This type of security is most convenient for husband and wife—mother and daughter—father and son, and can be arranged to meet almost any investment need.

"FIRST MORTGAGE ASSIGNMENTS" are particularly adaptable for use in Joint Tenancy. Executed by Pacific Mortgage Guaranty Company they are a legal investment for Savings Banks and all Trust funds in the State of California, and are pre-eminently safe. They are available in amounts from \$100 to \$100,000 and for convenient periods.

crew of seventy-four men and officers aboard, the Mexican navy transport Pro-
greso was a recent caller at the port of San Diego. The uniform of the Mexican
sailor is much like that of the American "gob." (P. & A. photo.)

Health on Wheels for Children—For the Purpose of inoculating the children of
New York's East Side against diphtheria, a truck of the New York City health
department makes regular rounds. The service is free and the response from the
parents is said to be much more easily obtained by the neighborhood visits. (P.
& A. photo.)

Midwest Airport Will Look—Within Five Months a Model Airport, known
as the United Airport, a plant to cost \$1,500,000, will be completed at Bur-
bank. It has been announced. The airport will be located at Hollywood Way
and the Southern Pacific tracks. The plant, covering 240 acres, will serve as a
base for southwest operations of the Pacific Air Transport of the Boeing system,
passenger and express.

Try These Poses on Your Back—Already They Are Looking for the so-called
"perfect back" for the National Progressive Chiropractic Convention to be held
in Los Angeles August 12 to 18. Bend and twists such as demonstrated above are
back developers. Left to right: Alta Faulkner, Billie Reynolds and Jean De
Caza.

Jungle Flapper—Jumbies of the Washington Zoo
is said to be used by the zoo keeper to fan cool
breezes by merely flapping her enormous ears.
But the photographer admits he perspired taking
this shot. (P. & A. photo.)

All Arms and Legs—This Unusual Photo shows Ben
Hedges, Jr., captain-elect of the Princeton Univer-
sity track team, clearing the bar at 6ft. 2in. in the
Princeton-Cornell vs. Oxford-Cambridge meet.
(A. P. photo.)

Oldest Mill in Europe—This Old Mill, standing on the
brow of a hill near Brussels, is said to date back to
1160. It is called the mill of Silly. A proposal to
tear the mill down is being fought. (P. & A.
photo.)

John Galsworthy, the no-
velist, was recently de-
corated with the Order
of Merit at St. James
Palace, London. (P. &
A. photo.)

Wood Carver Awarded Honors—Herr Markgraf, 85-
year-old wood carver of Copenick, Germany, has
been awarded high honors for his wood carvings.
His figures are grotesque, with individual charac-
teristics. (P. & A. photo.)

HIGH LIGHTS OF HISTORY 1401 The Story of the World War 171—The Work of the "S.O.S."

by J. CARROLL MANSFIELD

THE MAGNITUDE OF THE TASK OF THE S.O.S. (SERVICES OF SUPPLY), CHARGED WITH SUPPLY-
ING THE AMERICAN EXPEDITIONARY FORCE IN
FRANCE, IS SHOWN BY THE FACT THAT A SINGLE
AMERICAN DIVISION (26,000 MEN) CONSUMED
28 CARLOADS OF SUPPLIES A DAY. AT THE BASE
PORTS REGIMENTS OF MUSKY COLORED STEVE-
DORIES RACED TO UNLOAD THE FLEETS OF CARGO
SHIPS FROM AMERICA.

SUPPLIES AND MUNITIONS FROM STORAGE
DEPOTS FAR BEYOND THE LINES WERE BROUGHT
UP BY RAIL TO RAILHEADS CLOSE TO THE ZONE
OF OPERATIONS. HERE THEY WERE TRANS-
FERRED TO MOTOR TRUCKS AND CARRIED OVER
SHELL-TORN ROADS TO THE COMBAT FORCES
AT THE FRONT.

NOT ALL THE SUPPLIES REQUIRED BY THE
A.E.F. CAME FROM THE UNITED STATES. DUE TO
LACK OF SHIPS THERE WAS ALWAYS A SHORTAGE
OF AMERICAN SUPPLIES WHICH HAD TO BE OVER-
COME BY PURCHASES IN EUROPE. BRIGADIER
GENERAL CHARLES G. DAVES WAS THE HEAD
OF A GENERAL PURCHASING BOARD THAT BOUGHT
TEN MILLION TONS OF SUPPLIES IN EUROPE.

BEHIND THE LINES AN ENDLESS STREAM OF
BIG TRUCKS FLOWED TOWARD THE FRONT,
THROUGH SHATTERED VILLAGES, OFTEN UNDER
FIRE. SO WELL DID THE S.O.S. DO ITS WORK
THAT THE AMERICAN SOLDIERS ALWAYS HAD
ENOUGH TO EAT.

A CHUCKLE FOR EVERYBODY

THE RETURN OF TARZAN

By Edgar Rice Burroughs

GASOLINE ALLEY

Here's Another Hope

Then Tarzan arose, shaking himself like a lion, and placed his foot upon the prostrate body of his antagonist. He raised his voice in the wild cry of victory of the ape. The mad priest of the sun-worshippers lay unconscious. He tried to escape, but with a quick leap the ape-man was by his side.

"What do you intend to do with me?" she asked. "Nothing," he replied, "but you can lead me out of this place to freedom." "I am the High Priestess of the Sun Temple," she said. "But you have been chosen by the Flaming God as his own. Not even my power can save you if the people find you. But you saved my life. I will try to save yours."

"Though it makes me false to my god, I will back you, O Priestess! For if we are found together we shall both be killed," Tarzan protested, saying she must not take the risk. He would fight his way to freedom. She would not have a so and finally persuaded him to follow her, for already they had remained too long to prevent suspicion falling upon her.

She led him through long corridors of gloom. At last they came to a small chamber into which a little light filtered. "None will think of searching for you here," she said. "They would not dare! I will return after it is dark. She was gone. And Tarzan of the Apes was left alone in the Chamber of the Dead, beneath the longed-for city of Opar.

NEWS OF SOUTHERN COUNTIES

DOCTOR HELD FOR MURDER

Los Angeles Girl Dies on Operating Table at Azusa During Asserted Illegal Operation

AZUSA, July 23.—Held on suspicion of murder following the death of Miss Jennie Petersen, 23 years of age, of 4625 Main Drive, Los Angeles, on the operating table during an asserted illegal operation, Dr. G. E. Darrow of this city was arrested this afternoon by Deputy Sheriff D. E. Crounover of the homicide detail, who was in charge of the investigation.

According to officers, the Glendora inhaler squad was called to revive the girl at 11 a.m., and after working for two hours she was pronounced dead by Dr. E. O. Cook, who had been called in. Chief of Police Baxter of Glendora, who accompanied the inhaler squad, notified Chief Gouldin of this city, who after investigation of the Sheriff's office. Capt. Gordon of the San Dimas branch of the Sheriff's office with Officers Steifer and Siskens were called to assist in the investigation.

Henry Smith of 918 South Broad street, Los Angeles, asserted yesterday that he had seen Dr. Darrow on the night of the murder. He brought her to Dr. Darrow for an illegal operation, and that he had already paid the doctor \$500 over and over. Dr. Darrow, his nurse, Marie Gray, who gave her address as 809 North Azusa avenue, and Mrs. Darrow, Crounover arrested the doctor and the nurse and took them to the Glendora station for further examination. Mrs. Darrow, the nurse and Smith were taken to the County Jail.

The girl's body was removed to White's funeral home, where an autopsy will probably be held tomorrow, Crounover said. Deputy Sheriff Darrow, who is in charge of the house until the owner, Dr. John Hill of Monrovia, is located, the officers stated.

PEACH GROWERS FACE DEADLOCK

Fruit Ripens But Cannery Refuse to Pay Price

Producers Report Northern Plants Want Fruit

Southern Canneries Declare Demands Too High

ONTARIO, July 23.—With canners and growers apparently deadlocked as to what price will be paid for Southern California peaches this year, growers in the Ontario-Wineville-Chico peach district, which represents a majority of Southern California peach acreage, were today becoming seriously alarmed as Tuscany peaches began to show signs of ripening and the canners continued silent as to what they would pay.

P. A. Lucas, chairman of the peach growers' committee and well-known Ontario grower, stated today that Tuscany peaches are ripening and must soon either go to the cannery, be sold to fresh fruit markets, be shipped to other parts of the country, or be left to rot on the ground. Growers have received tempting offers from northern canneries, but do not wish to ship north as selling outside of Southern California will damage the canning industry in this section and will take away a large sum in wages paid to cannery employees.

Lucas declared that the offer of several canners to leave their plants to growers is unattractive and unworkable. The canning business is a highly developed specialized industry and requires for successful operation considerable capital and experience. Operation of canneries by growers would bring nothing but disappointment and add further to growers' losses. Growers are not on the peach industry. The grower knows production, the cannery knows packing and distribution, but neither knows the other's business. The grower will run it, Lucas declared.

In discussing the situation further, Lucas said:

"Peach growers have been losing heavily for the past three years. This year when there is a very light crop of all varieties of fruit in the United States and particularly so in California, the growers are in a predicament. The grower in Southern California should get the market price for his fruit. If canners in the south cannot or will not pay the market price, then the growers should be able to get the market price elsewhere. The raising of canning peaches and the canning industry in the south are doomed."

SUPERVISORS' IRE MOUNTS

Newport Newspaper Publisher and Costa Mesa Man Called to Explain Asserted Attack

SANTA ANA, July 23.—Demanding the appearance of Sam Meyer, Newport Beach publisher, and Fred Opp, of Costa Mesa, to explain why Meyer's newspaper published what the Supervisors declare to be falsehoods regarding proceedings of the board, in connection with an asserted newspaper attack upon the Supervisors, Dist. Atty. Z. B. West, Jr., today announced that he would issue subpoenas for Meyer and Opp.

West acted on instructions from the Board of Supervisors, on motion of Supervisor William Schumacher, and said he would call the publisher and Opp before the Supervisors at the meeting scheduled for next Tuesday.

Articles in the newspaper that Opp had appeared last Tuesday before the Supervisors to request an appropriation of the highway at Costa Mesa, and had been coldly and curtly turned down, because of Costa Mesa's vote against the recent flood-control project, were the basis of the demand for appearance of both Opp and Meyer.

Members of the board declared that Opp had never appeared before the board and that no one ever had appeared to make such a request.

The newspaper article further stated, it was said, that Supervisor George Jeffrey of the Fifth District, in which Costa Mesa is situated, had heeded the demand that Costa Mesa's vote on the flood bonds was the reason for rejecting the request for funds.

Jeffrey indignantly denied making such a statement. He reiterated the statement of other Supervisors that the matter had never been brought before the board.

The newspaper asserted that the Supervisors had earlier agreed to appropriate such a fund, but had changed its attitude because of the flood-bond vote. The article quoted "one citizen," who was not named, in a denunciation of the Supervisors as allowing personal prejudice to influence them.

Supervisor Jeffrey remarked that some time ago he had told a Costa Mesa citizen, Fred Opp, that he would try to get \$100 from county funds for the beautification project, but that the matter had never been brought before the board.

VENTURAN ATTACKED BY FOX

So Brain Will Be Tested to See What Was Matter With Usually Shy Beast

VENTURA, July 23.—The brain of a fox is undergoing an examination today in the county biological laboratories. All because the fox was indiscreet enough yesterday to attack John M. Dyke, superintendent of Melner's Oaks Water Company, while Dyke was working on a pipe line.

Dyke said the fox suddenly emerged from a woods near by and jumped on him, taking his clothing off and killed it before it had a chance to bite him.

He turned the body of the animal over to Dr. King of Ojai, county health officer, who removed the animal's brain and sent it to Miss Lois Schaffer, county biologist, to be examined for rabies.

According to Max Heinsman, deputy of the county health department, this is the first known case in the county where a fox has attacked a human being.

HEAT CAUSES HEART FAILURE

CALEXICO, July 23.—Pedro Montero, Mexican laborer, 33 years old, died from a combination of heart trouble and heat yesterday while walking from a hay baler to a shade tree a few yards away on the Valley fruit ranch, a mile east of here.

Humidity, which this morning was 90 per cent, has caused not a little complaint, as it is mixed with temperatures of more than 100 deg.

The past week has shown more humidity than any similar period in recent years, according to old residents here.

HUNTINGTON PARK POLICE REORGANIZED

CHIEF BUILDS NEW FORCE AFTER RESIGNATIONS ARE ENTERED BY REQUEST

HUNTINGTON PARK, July 23.—Since all the members of the police force, twenty in number, submitted their resignations to Chief of Police Earl Cunningham last week, a new department of eleven members including the Chief, has been organized. Several resignations were accepted by the Chief, while others are new.

The resignations were: J. W. Schullinger, Jr., William Mayne, H. F. Castler, H. F. McLaughlin, M. A. Power, J. L. King, L. A. Williams and Harry Priest, while the two new members are Brady Truitt and E. T. Mosher. Chief Cunningham expects to have a police force of not more than fifteen members.

The shake-up came at a meeting of the City Council and City Police Commission last week, when it was agreed upon by the two official bodies that the resignations of the police force be demanded with the exception of the Chief, and that he be given full authority to reorganize the department as he should see fit. The Police Commission is scheduled to make a report of its work to the Council within the next few weeks.

CONSOLIDATION OF CITIES PETITIONED

HERMOSA COUNCIL ASKED FOR ELECTION TO MERGE WITH REDONDO BEACH

HERMOSA BEACH, July 23.—Petitions asking the City Council to call an election to determine whether or not this city shall become consolidated with Redondo Beach have been placed on the agenda of the City Council and City Police Commission last week, when it was agreed upon by the two official bodies that the resignations of the police force be demanded with the exception of the Chief, and that he be given full authority to reorganize the department as he should see fit. The Police Commission is scheduled to make a report of its work to the Council within the next few weeks.

INHALATOR SQUAD ASKS EQUIPMENT

VENTURA, July 23.—Additional inhalator equipment is to be placed at the disposal of the fire department. A request for an additional container of "carbogen" to supplement the inhalator equipment already in use by the department was submitted to the City Council last night. The request was backed by a two-year report of activities of the inhalator squad, which showed that the apparatus had been used with success in eighteen cases during that period. Only three cases were lost during the two-year period covered by the report. These comprised the deaths of two infants at birth and one woman, who was dead before inhalator aid could reach her.

POISONOUS BROTHER IN REDONDO BEACH, July 23.—A 200-pound porcupine, caught just outside the bay here, attracted attention on the Monday last.

The fish resembles choice cuts of beef steak and brings a fancy price in the market. John Tufts, Homer Wright and Dave Glover brought the fish ashore.

AMPLE WATER IN PALO VERDE

Valley Not Forced to Use Extra Canal or Pumps

Supercrop of Cotton Looms in Isolated Valley

Forty Thousand Acres Now Under Cultivation

ELYTH, July 23.—Although the worst water shortage in the history of the Palo Verde Valley was felt last year, there is a surplus of water for the 40,000 acres under cultivation here this year.

At this time last year, the irrigation district was six weeks behind in its order, and today, many ranchers are asked to take their water twenty-four hours in advance. The average consumption of Colorado River water through the main canal this month has been 730 second feet, compared with about 400 second feet daily average last year.

The Palo Verde Irrigation District has just completed the dredging of twenty-nine miles of its main water system and, although the Colorado has dropped to 23,000 second feet, it has not been necessary to use the duplicate main canal overhead this year, or to call on the power pumps for a water lift at the control gates, which were used last summer.

At an expense of more than \$50,000, the Palo Verde district was changed this year, providing a lower grade, and taking out all sharp curves and curves where the flow might be checked.

With plenty of water available, ranchers and cotton merchants predict a cotton crop here of 10,000 bales, compared with 12,500 bales in 1928. It is expected that 30,000 pounds of alfalfa seed and 3,000 tons of alfalfa will be produced here.

Five couples were dancing at the case while a three-piece orchestra labored, when Deputy Sheriff A. L. Steward and M. E. Jenson raided the place shortly before 1 a.m. Sunday. Sargent, according to the officers, protested vehemently at his arrest, saying that he was a government official and would inform the court. He was taken to the police station and charged with performing his duty.

OBJECTIVE FIXED FOR VENTURANS

Chamber Plans to Stress Airport, Harbor and More Adequate Water Supply

By BURTON L. SMITH

VENTURA, July 23.—An airport, a harbor and an adequate water supply were boomed for Ventura tonight at the annual banquet of the Ventura Chamber of Commerce which accompanied installation of officers. The dinner was served in the social hall of the Methodist Church. David J. Reese, starting his second term as president of the chamber, presided over the banquet. There were 230 guests and members present.

Don Thomas, executive secretary of the All-Year Club of Southern California, was the principal speaker. He stressed the fact that his club had conducted an annual campaign to bring people to Southern California and that it was up to the individual chambers of commerce to make good on the advantages broadcast. He likened Ventura's oil to black gold, and the stream of tourist motorists to pouring gold.

Reese reported that the local chamber had centered its activities during the past year on construction of the Mariposa road, on obtaining new industries, on beach improvements and on a harbor for this city. During the coming year, he announced, the chamber will keep up these activities and in addition will work for an airport and an adequate water supply.

He introduced, among other visitors, J. B. Wallace, president of the Frank Melrose Company which is developing Piedmont Beach; Charles Bayer, field secretary of the Los Angeles Chamber of Commerce; and Herbert Nunn, the engineer retained by the chamber to outline a city harbor project. J. B. Wallace was installed as secretary for another term.

Banker Joins Circus Troupe

LONG BEACH, July 23.—Having risen to a high place in the financial life of this community, A. L. Farney, vice-president of the Western Trust and Savings Bank, will achieve the dreams of his boyhood on a trip started today.

For two weeks Farney and his family will be part of a circus, traveling on the circus train, living in the atmosphere of the big top and, while the show is on, touring the adjoining country in his car. Arrangements were made by a friend of Farney's, owner of a large circus.

FORMER OFFICIAL ACCUSED IN ATTACK

BRYN MAWR, July 23.—Sid Horton, former county supervisor, and his son, Sid, Jr., are charged with the attack on a man named as Mike Simmons destroyed him. The injured man sustained a three-inch laceration and skull fracture.

FEW FAIL TESTS FOR DRIVER'S CARB

WHITTIER, July 23.—More than 2000 auto drivers have been examined by the local police department during the past two weeks, with 2000 more to take examinations. According to the examining officials only a small per cent have failed. Chief of Police Esley asked to have Officers O. C. Smith and A. Van der Mark appointed examining officers with him. Guy C. Welch, assistant, Applications are issued with questions and correct answers Monday, Tuesday and Wednesday mornings, and examinations are taken Thursday, Friday and Saturday. After this week, examinations will be held only once each week.

INGLEWOOD BUS SERVICE REROUTED

INGLEWOOD, July 23.—The State Railroad Commission has granted permission to the Los Angeles Railway to reroute temporarily its bus service to this city to tap the Hyde Park business district. Permission was sought by the railroad at the request of Hyde Park business interests. Instead of turning off Hyde Park Boulevard at Market street, as in the past, the bus will continue on the boulevard to Commercial street, thus eliminating the blocks formerly traversed on Market and on Hawthorne streets. The new route is to be tried for thirty days before a permanent permit is granted, the commission announced.

POLICEMAN BURNED IN CYCLE SPILL

Asserted Speeder Taken at Residence on Charge of Resisting Arrest

MONROVIA, July 23.—Narrowly escaping death while giving chase to a speeder, Motor Officer Tex Phillips was severely burned last night when his motorcycle turned over on him while making a turn at the intersection of Myrtle avenue and Foothill Boulevard, according to Chief of Police Frank Scott. Phillips suffered burns over the right side of his body which necessitated his removal to the Monrovia Hospital.

The accident occurred shortly after midnight when Phillips gave chase to Ray Herr of 138 North Myrtle avenue, who was said to be speeding north on Myrtle. The accident was attributed to a nut in the foot rest catching in the expansion of pavement, Scott said. Officer Spickerman with Dick and Arthur Church, witnessed the accident, and rushed to the scene where they distributed Phillips from the wreckage. Herr was later arrested at his home by Officers Lotis and Erickson, who booked him on a charge of reckless driving and resisting arrest.

Awards Made for "Y" Camp

REDLANDS, July 23.—Junior Schults, boys' director for the Y.M.C.A., has announced camp award winners for the year. The first degree of camp distinction, the Blue Rag, was won by Raymond Cadwell, Roy Hunt, Ed Hubbard, Harold Dike, Charles Davis, Kermit Whitman, Buster Stiel, Cyril McClelland, Cornelius Degraff, Jack Van Epps, Louis Blane, Robert Wheat, Tom Moore, Junior Wheat, Paul Nunes, Sam Cadwell, Leo Anderson, Bob Clement, Manuel Villalpa, William Knight, Don Smith, Fred Seese, Tom Sykema, Martin Fox, Phil Rife, Harold Hill, Bill Harney and Phil Lee.

The winners of the Tribe of the Setting Sun trophy for the younger boys were: Richard Storge, Richard Storge, Welf O'Fudon, Charles Knight, James Mitchell, Birk Luckenbill, Marion Foley, Frank Lewis, Rex Cranmer, Scott Burns, Robert Hatfield, Glenn Williams, Dale Burns, Albert Moley, Ray Sanders, Harold Lapping, Clarence Lapping, James Haney, Charles Dibble and Billy Cochran. Billy and Elmer Wheaton won Brown Rags.

Man Held for Hammer Attack

WEST LOS ANGELES, July 23.—Assaulted by the hair and beaten over the head with a hammer, a man was working on a tire in a Sawtelle garage, J. W. Tillman of 4401 Grandview avenue, Culver City, was lying at the point of death in the Santa Monica Hospital today. S. B. Blankenship of Sawtelle was taken into custody last night by Detective Lieutenant Anderson, after the asserted hammer wielder was reported to have fled the scene.

According to the police report, Blankenship told officers he and Tillman "got into an argument," and that the latter started to call him names. Witnesses said Blankenship pursued Tillman when the injured man started to run, and that a man named as Mike Simmons destroyed him. The injured man sustained a three-inch laceration and skull fracture.

MURPHY TO AID AT INSTALLATION

WEST LOS ANGELES, July 23.—William Murphy, new National Commander, will be assisted by Roland Curran, State Commander, when recently elected officers of Chandler Porter Wright Post, Disabled American Veterans of World War, are installed Friday night at their new home, 1770 Beloit avenue, Sawtelle. Representative Crall is scheduled to talk on the Rogers Hospital bill, now before Congress. Quentin Roosevelt Chapter, No. 8, installed officers last night at Patriot Hall. It is the largest chapter west of Chicago.

SANTA PAULA TO PAVE CITY STREETS

SANTA PAULA, July 23.—This city is to have several more streets paved with sidewalks, it was learned today when the City Council opened bids. The low bid went to the Southwest Paving Company for \$61,392.83. The estimate of the City Engineer was \$61,130.70. Following the letting of the contract the Council instructed City Clerk M. G. Demaree to have fourteen new street lights erected at new intersections.

MICHELSON SELECTS RANCH

Huge Vacuum Tube for Light-Speed Tests Will be Constructed on Irvine Property

PASADENA, July 23.—A mile-long vacuum tube with which Dr. Albert A. Michelson, famous Chicago University physicist, will perform his final experiment with the speed of light, will be constructed on the Irvine ranch, near Santa Ana, it was revealed today.

Dr. Michelson planned to construct the tube at Ross Field, Arcadia, where he has been conducting preliminary experiments with a series of giant mirrors, but conditions between himself and his assistant, Dr. William F. G. Demaree, have not been satisfactory, he asserted.

"The work is proceeding very slowly," he said today when interviewed at the Hotel Maryland, his Southern California headquarters. "It will be at least three weeks before final plans can be announced."

Previous experiments performed by the Chicago physicist in which

PEACH GROWERS FACE DEADLOCK

Fruit Ripens But Cannery Refuse to Pay Price

Producers Report Northern Plants Want Fruit

Southern Canneries Declare Demands Too High

ONTARIO, July 23.—With canners and growers apparently deadlocked as to what price will be paid for Southern California peaches this year, growers in the Ontario-Wineville-Chico peach district, which represents a majority of Southern California peach acreage, were today becoming seriously alarmed as Tuscany peaches began to show signs of ripening and the canners continued silent as to what they would pay.

P. A. Lucas, chairman of the peach growers' committee and well-known Ontario grower, stated today that Tuscany peaches are ripening and must soon either go to the cannery, be sold to fresh fruit markets, be shipped to other parts of the country, or be left to rot on the ground. Growers have received tempting offers from northern canneries, but do not wish to ship north as selling outside of Southern California will damage the canning industry in this section and will take away a large sum in wages paid to cannery employees.

Lucas declared that the offer of several canners to leave their plants to growers is unattractive and unworkable. The canning business is a highly developed specialized industry and requires for successful operation considerable capital and experience. Operation of canneries by growers would bring nothing but disappointment and add further to growers' losses. Growers are not on the peach industry. The grower knows production, the cannery knows packing and distribution, but neither knows the other's business. The grower will run it, Lucas declared.

In discussing the situation further, Lucas said:

"Peach growers have been losing heavily for the past three years. This year when there is a very light crop of all varieties of fruit in the United States and particularly so in California, the growers are in a predicament. The grower in Southern California should get the market price for his fruit. If canners in the south cannot or will not pay the market price, then the growers should be able to get the market price elsewhere. The raising of canning peaches and the canning industry in the south are doomed."

HEAT CAUSES HEART FAILURE

CALEXICO, July 23.—Pedro Montero, Mexican laborer, 33 years old, died from a combination of heart trouble and heat yesterday while walking from a hay baler to a shade tree a few yards away on the Valley fruit ranch, a mile east of here.

Humidity, which this morning was 90 per cent, has caused not a little complaint, as it is mixed with temperatures of more than 100 deg.

The past week has shown more humidity than any similar period in recent years, according to old residents here.

HUNTINGTON PARK POLICE REORGANIZED

CHIEF BUILDS NEW FORCE AFTER RESIGNATIONS ARE ENTERED BY REQUEST

HUNTINGTON PARK, July 23.—Since all the members of the police force, twenty in number, submitted their resignations to Chief of Police Earl Cunningham last week, a new department of eleven members including the Chief, has been organized. Several resignations were accepted by the Chief, while others are new.

The resignations were: J. W. Schullinger, Jr., William Mayne, H. F. Castler, H. F. McLaughlin, M. A. Power, J. L. King, L. A. Williams and Harry Priest, while the two new members are Brady Truitt and E. T. Mosher. Chief Cunningham expects to have a police force of not more than fifteen members.

The shake-up came at a meeting of the City Council and City Police Commission last week, when it was agreed upon by the two official bodies that the resignations of the police force be demanded with the exception of the Chief, and that he be given full authority to reorganize the department as he should see fit. The Police Commission is scheduled to make a report of its work to the Council within the next few weeks.

CONSOLIDATION OF CITIES PETITIONED

HERMOSA COUNCIL ASKED FOR ELECTION TO MERGE WITH REDONDO BEACH

HERMOSA BEACH, July 23.—Petitions asking the City Council to call an election to determine whether or not this city shall become consolidated with Redondo Beach have been placed on the agenda of the City Council and City Police Commission last week, when it was agreed upon by the two official bodies that the resignations of the police force be demanded with the exception of the Chief, and that he be given full authority to reorganize the department as he should see fit. The Police Commission is scheduled to make a report of its work to the Council within the next few weeks.

INHALATOR SQUAD ASKS EQUIPMENT

VENTURA, July 23.—Additional inhalator equipment is to be placed at the disposal of the fire department. A request for an additional container of "carbogen" to supplement the inhalator equipment already in use by the department was submitted to the City Council last night. The request was backed by a two-year report of activities of the inhalator squad, which showed that the apparatus had been used with success in eighteen cases during that period. Only three cases were lost during the two-year period covered by the report. These comprised the deaths of two infants at birth and one woman, who was dead before inhalator aid could reach her.

POISONOUS BROTHER IN REDONDO BEACH, July 23.—A 200-pound porcupine, caught just outside the bay here, attracted attention on the Monday last.

The fish resembles choice cuts of beef steak and brings a fancy price in the market. John Tufts, Homer Wright and Dave Glover brought the fish ashore.

VENTURAN ATTACKED BY FOX

So Brain Will Be Tested to See What Was Matter With Usually Shy Beast

VENTURA, July 23.—The brain of a fox is undergoing an examination today in the county biological laboratories. All because the fox was indiscreet enough yesterday to attack John M. Dyke, superintendent of Melner's Oaks Water Company, while Dyke was working on a pipe line.

Dyke said the fox suddenly emerged from a woods near by and jumped on him, taking his clothing off and killed it before it had a chance to bite him.

He turned the body of the animal over to Dr. King of Ojai, county health officer, who removed the animal's brain and sent it to Miss Lois Schaffer, county biologist, to be examined for rabies.

According to Max Heinsman, deputy of the county health department, this is the first known case in the county where a fox has attacked a human being.

AMPLE WATER IN PALO VERDE

Valley Not Forced to Use Extra Canal or Pumps

Supercrop of Cotton Looms in Isolated Valley

Forty Thousand Acres Now Under Cultivation

ELYTH, July 23.—Although the worst water shortage in the history of the Palo Verde Valley was felt last year, there is a surplus of water for the 40,000 acres under cultivation here this year.

At this time last year, the irrigation district was six weeks behind in its order, and today, many ranchers are asked to take their water twenty-four hours in advance. The average consumption of Colorado River water through the main canal this month has been 730 second feet, compared with about 400 second feet daily average last year.

The Palo Verde Irrigation District has just completed the dredging of twenty-nine miles of its main water system and, although the Colorado has dropped to 23,000 second feet, it has not been necessary to use the duplicate main canal overhead this year, or to call on the power pumps for a water lift at the control gates, which were used last summer.

At an expense of more than \$50,000, the Palo Verde district was changed this year, providing a lower grade, and taking out all sharp curves and curves where the flow might be checked.

With plenty of water available, ranchers and cotton merchants predict a cotton crop here of 10,000 bales, compared with 12,500 bales in 1928. It is expected that 30,000 pounds of alfalfa seed and 3,000 tons of alfalfa will be produced here.

Five couples were dancing at the case while a three-piece orchestra labored, when Deputy Sheriff A. L. Steward and M. E. Jenson raided the place shortly before 1 a.m. Sunday. Sargent, according to the officers, protested vehemently at his arrest, saying that he was a government official and would inform the court. He was taken to the police station and charged with performing his duty.

RIO GRANDE OIL EARNINGS JUMP

Net for First Half of 1929
Given as \$3,022,362

Increase Over Total for All
of 1928 \$1,372,762

Second Quarter Figures Also
Substantially Higher

With the sales volume, production and net earnings for the first half of 1929 exceeding any similar period in the history of the company, Rio Grande Oil Company yesterday issued a semiannual report showing net earnings of \$3,022,362 after all charges including Federal tax, equal to \$2.48 a share on a 1,218,699 capital share outstanding.

These earnings represent a gain of \$1,372,762 or \$2.48 per share over the net income of \$1,649,600 reported for the entire year of 1928. The 1929 net earnings amounted to \$11 a share on the average number of shares outstanding. In December, 1928, the stock was changed from \$15 par to no par and split five for one. The stock is paying dividends of \$1 cash and 2 per cent in stock per share annually.

COURT FIGHT WON
Shortly before the company released its earnings report yesterday, Superior Judge Yankovich gave a decision in favor of the company in the suit brought by Warren Deuel and C. K. Cole, oil men, for an accounting and damages in connection with a contract involving 200 acres of land in the Woodfield at Santa Barbara. Before the announcement of this decision and the release of the earnings report, the Rio Grande stock opened at 30 7/8, a 3-8 point higher than the previous closing price of 27 1/2. Several days ago the stock sold down to 26 1/4 on the Los Angeles Stock Exchange, registering a new low price for the year on the local market. The stock has ranged from a high of 42 1/2 to a low of 26 1/4 on the New York exchange this year.

The second quarter earnings totaled \$1,789,627, equivalent to \$1.49 per share on the outstanding capital stock as compared with \$1,205,334.67 or \$1.08 per share in the first quarter of this year.

ASSETS GAIN
As of June 30, last, the total current assets consisting of cash, accounts receivable and oil in storage were \$4,832,447.84, an improvement of \$900,000 over the figures at the end of the first quarter, and the total liabilities were \$2,617,865.22, a reduction of \$300,000 since the end of the first quarter, making a total improvement in the current position of approximately \$1,100,000, the report continued.

Sales totaled \$10,881,390.38. Gross income amounted to \$4,521,592.81. Interest charges totaled \$29,496.32; depletion and depreciation were \$1,000,000.

Los Angeles Gas Utility Earnings Advance Sharply
Net earnings of the Los Angeles Gas and Electric Corporation for the twelve months ended June 30, totaled \$5,950,443.21 after all charges including depreciation and taxes, as against \$4,501,487.53 for the preceding twelve months, an increase of \$1,448,955.68 or nearly 40 per cent, according to a statement issued yesterday.

This is equivalent to \$30.87 a share on the 46 preferred stock outstanding. The balance available for the common stock after preferred stock dividends amounted to \$4,500,321.31. Pacific Lighting Corporation owns all of the common stock.

Gross earnings for the twelve months aggregated \$23,838,738.78, compared with \$21,402,116.64 for the preceding period, an increase of \$2,436,622.14 or more than 11 per cent. This was pointed out was accompanied by an increase of only \$637,527.10 in expenses bringing the total to \$12,407,191.78 and improving the operating ratio.

MORELAND EARNINGS INCREASE

Truck Company Reports
Net Gain on 1928 Half
Year of \$49,106

Net profits of the Moreland Truck Company for the first six months of this year, after providing for all depreciation, obsolescence and operating reserve, totaled \$102,509.51, an increase of \$49,106.50 over the corresponding period of 1928, according to a statement issued yesterday by C. W. Creighton, secretary, and W. L. Moreland, vice-president and general manager.

The net earnings are equal to \$1.58 a share on 65,222 shares, or \$10 per share cumulative preferred stock, preferred stock in the hands of the public, as against \$1.48, or \$1.08 a share on the 1928 period. The last dividend was paid on the preferred June 30, 1929.

Sales income for the period showed a gross volume of more than \$1,800,000, exceeding the comparative period of the previous year by more than \$200,000, while gross \$200,000 unit orders are on hand, the report stated.

The current assets of June 30, last, were listed at \$1,867,790.75, and current liabilities at \$699,982.71, a ratio of more than three to one. Total assets less a depreciation of \$502,127.04, amounted to \$1,174,774.71. The combined surplus was \$284,524.71.

The report pointed out that the business outlook is encouraging and that for the usual seasonal decline has not been experienced. Production of new trucks was 35 per cent greater than in the first half of 1928. Foreign business is increasing and new sales representation is being secured in sections of the United States where the company heretofore has never been represented.

Pierce Arrow's Second Quarter Profits Higher

NEW YORK, July 23. (Exclusive) Consolidated net income of the Pierce-Arrow Motor Car Company totaled \$1,528,640 for the June quarter, equal after 4 per cent preferred dividends to \$5.93 a share on 107,250 Class A shares, against \$448,571 in the preceding quarter, or \$1.49 a share, and a net loss of \$232,547 in the second quarter of 1928.

The consolidated net income for the six months ended June 30 amounted to \$1,737,178, or \$7.50 per Class A share, against a net loss of \$642,220 for the first half of 1928. Shareholders' equity, according to terms of the purchase of Pierce-Arrow Class B stock, amounted to \$1,062,968 for the six months on its \$2,000,000 investment.

Sales for the first half of the year were \$16,776,108, against \$10,210,865 for the same period last year.

REALTY STOCK MARKET DUE NET OF GENERAL MOTORS LOWER

Trend Toward Corporate Form Bringing Transition in Real Estate; Need for Trading Place Here

BY EARLE E. CROWE
Some day, probably not very distant, the real estate operators and the hosts of speculators and investors in real estate in Los Angeles will be trading stocks and bonds as freely as they now deal in motor, oil, industrial and other securities. The real estate people are virtually the last to come to the corporate way of doing business, but the lesson of the last year or so has illumined the way and the transition is now a certainty.

Investors and traders are as yet unused to realty stocks, and the number of these securities is not very many. But already there are movements to organize exchanges to deal in these securities, and one is nearly ready to operate in New York. So far there have been no definite steps taken of this nature in Los Angeles, and this is one city where a realty stock exchange is needed if the realty operators accept the modern trend.

CHANGE COMES SLOW
In Los Angeles, however, the transition from the private enterprise to the corporate form has not been very active so far. Real estate projects are still controlled by individuals and syndicates, and the borrowing from the public through the issuance of mortgages and bonds. Investors, in other words, continue to remain creditors rather than owners, whereas other forms of business accept investors as partners, or stockholders.

In refusing to recognize the trend toward the corporate way of doing business, and particularly the appetite of investors and speculators for corporate stocks, the real estate business has been its own worst enemy. The attitude of real estate people has been to attribute the slump in sales to the crisis for stock speculation, apparently not stopping to think that stocks merely represent an interest in land, buildings, machinery, manufactured products, and other assets.

To be popular, of course, real estate stocks must show favorable earnings like any other stock. In some real estate projects, however, it is possible, in others not. Holding companies owning a diversified list of real estate, such as apartment-houses, hotels, office buildings, popular subdivisions, generally give satisfactory performance in the stock market.

FEASIBILITY PROVED
Stocks like United States Realty and Improvement, listed on the New York Stock Exchange, are real estate stocks, and indicate what can be done along the line of wide public ownership of real estate properties. More companies of this type will arise because of the popularity of holding companies, but there is also a definite trend toward the financing of single real estate projects, and this is also to be expected.

In Los Angeles where new building runs better than \$100,000,000 yearly and where real estate development is one of the major activities, an organized market for real estate stocks and bonds should fill a necessary want. Such a market may materialize as an independent enterprise specializing in realty, or it may be like an adjunct department of a stock exchange already in operation. A new market place dealing in only one kind of security might have a difficult time, whereas a general market has many kinds of securities to offer the public.

Fokker Income Higher; Three Added to Board
Net income of \$387,427 for the second quarter of the year, equal to 80 cents a share on 601,966 common shares, the average number outstanding during the period, was reported yesterday by the Fokker Aircraft Corporation of America. This amount compares with \$139,984 in the first quarter.

Announcement was also made of the election of the Fokker representatives of the General Motors Corporation, which owns a 40 per cent interest in the company. The new directors are Fred A. Johnson, president, and C. E. Wilson.

Information is expected soon on the location of new manufacturing plants for Fokker planes, one of which is reported to be scheduled for Los Angeles.

Goodyear Tire Earnings Gain

NEW YORK, July 23. (Exclusive) Consolidated net income of the Goodyear Tire and Rubber Company for the six months closed June 30, last, amounted to \$12,633,865 after all charges, including taxes, equal after preferred dividends to \$7.08 a share on the 1,788,128 no-par common shares outstanding June 30. It was announced here today.

This compares with earnings of \$9,974,189 reported for the first half of 1928, equal to 33 cents a share on 299,118 common shares then outstanding and represents a gain of \$2,659,676, or more than 200 per cent.

SNUBBER LOSS REPORTED
NEW YORK, July 23. (Exclusive) Goodyear Rubber Manufacturing Company reported today a net loss of \$79,943 for the six months ended June 30, against a net income of \$79,219 for the first half of 1928. The six months' net income totaled \$508,397 against \$608,013 for the first half of 1928.

TRANSIT NET HIGHER
ST. PAUL, July 23. (Exclusive) Twin City Rapid Transit Company June quarter net earnings amounted to \$223,887 after all charges, against \$149,111 in the same period last year. The six months' net income totaled \$408,397 against \$608,013 for the first half of 1928.

NET OF GENERAL MOTORS LOWER

Profits for Second Quarter Reach High Levels

Report for Half Year Shows
\$10,000,000 Drop

Common Share Return Gives
\$3.38 Against \$3.60

NEW YORK, July 23. (AP)—General Motors Corporation today reported net earnings for the second quarter of the year of \$89,948,523, against \$61,919,987 in the previous quarter, and \$61,799,398 in the second quarter of last year. After deducting dividends on the preferred stock, there remained an amount equivalent to \$2.01 per share of common stock, as compared with \$1.37 in previous quarter and \$2.06 in the corresponding period of 1928, calculated on a comparable basis.

In making the comparison with the second quarter of 1928, Alfred P. Sloan, president of the corporation, pointed out that, though established a new earnings record for any quarter in the history of the corporation, this record was close to the record for the first quarter of last year.

Earnings for the first six months of this year, however, did not compare so favorably with the first half of last year, owing to the slump in income occasioned by the introduction of new models early this year. Net for the six months ended June 30, was \$181,860,518, as compared with \$181,329,974 in the first half of 1928. Per share earnings for the periods were \$3.38 against \$3.60.

Cash, United States government and marketable securities on June 30, totaled \$137,024,491, as compared with \$181,363,300 on March 31, and \$15,940,230 on December 31. Net working capital on June 30 amounted to \$29,448,919, after deducting extra dividend amounting to \$18,000,000, paid July 2, as compared with \$26,783,304.

For the six months ended June 30, retail sales by General Motors dealers to users were 1,081,064 cars, compared with 1,063,733 for the corresponding period of 1928.

General Motors is to declare for the first six months totaled \$1,171,888 cars, compared with 1,063,733 for the like period of last year.

Mr. Sloan said that the excess sales to dealers over to general users for the period were primarily due to the fact that unsold cars in the hands of dealers as of the first of the year were abnormally low due to model changes.

Securities of Rock Company Offered on Mart

Pacific Coast Aggregates, Inc., newly formed sand, rock and gravel company, with holdings in Central and Northern California valued at approximately \$20,000,000 yesterday tendered through a group of California and eastern bankers two security issues totaling \$5,000,000. The larger issue consists of \$4,000,000 first mortgage 6-1/2 per cent sinking fund gold bonds and the other issue of \$1,000,000 ten-year sinking fund preferred stock convertible into common stock.

The tendering group marketing the securities is headed by American Investors Corporation, Anglo-California Trust Company and California Company. Other investment houses in the underwriting are Banks, Huntley & Co., Bradford, Kimball & Co., California Securities Company, Anglo London Pacific Company, M. H. Lewis & Co., Drake, Riley & Thomas and California National Company.

Norman B. Livermore, director of Crocker First National Bank and Pacific Gas and Electric Company, and president of California Building Materials Company and Coast Rock and Gravel Company, is president of Pacific Coast Aggregates, Inc., and George O. Jamieson, president of Rhoads-Jamieson Company, is vice-president. Directors include William H. Ford, president of Associated General Company; F. W. Smith, president of California National Bank; and Louis B. Butler, vice-president of Anglo-California Trust Company; Elias H. Palmer, vice-president of Holbrook, Merrill & Gilson, and representatives of the various investment companies participating in the issue.

Huge Investment Trust Organized

NEW YORK, July 23. (Exclusive) Goldman Sachs Trading Corporation and the Central States Electric Corporation have jointly sponsored the formation of a \$100,000,000 utility-financial-industrial investment trust of the general management type. It was disclosed today by the filing of its charter at Wilmington, Del. The company has an authorized capital of \$250,000,000 convertible into preferred stock of \$50 par value a share and 15,000,000 shares of no-par common.

Goldman Sachs & Co. expect to offer the latter part of this week. 1,000,000 shares of the preferred and 1,000,000 shares of the common. The trust will align Goldman Sachs with the North American group of utility-station companies, with a business with assets of more than \$102,500,000, of which \$53,200,000 will be in cash.

ZONITE NET HIGHER
NEW YORK, July 23. (Exclusive) Zonite Products Corporation reported today net earnings for the June quarter of \$60,016, equal to 25 cents a share on the capital stock, against \$58,065, or 20 cents a share for the same period last year.

HUGE OIL MERGER LOOMS

Standard of Indiana Makes Offer for Pan-American Petroleum and Transport Company

CHICAGO, July 23. (AP)—A merger of oil companies whose securities have a current market value of \$978,000,000 was proposed by the Standard Oil Company of Indiana today.

Directors of the Indiana Company offered stockholders of the Pan-American Petroleum and Transport Company seven shares of Standard Oil stock for six shares of "A" or "B" stock of the Pan-American company, the offer terminating November 30.

Standard of Indiana stockholders were called to meet at Whiting, Ind., August 27, to ratify the plan and to approve an increase in capital of the Standard Oil Company from 15,000,000 shares to 18,000,000 shares of \$25 par value. This would authorize the authorized capitalization from \$375,000,000 to \$450,000,000.

The Standard Oil directors proposed to acquire the Pan-American company, in which it already owns a 18 per cent stock interest. Pan-American stock closed on the New York Stock Exchange today at 61 3/4 and 61 1/2, while the Standard Oil stock closed on the curb at 55 1/2.

"Directors of the Indiana company," said President E. O. Subert in a statement, "who are closely associated with activities of Pan-American, believe that the interests of the stockholders of both companies can be best conserved and promoted by a closer union and identity of ownership of the two companies. The Pan-American stockholders who make the exchange will, of course, through the ownership of Indiana stock, which has paid dividends for over thirty years, enjoy the benefit of a dividend-paying stock and share in the future prospect of Pan-American development."

Coincidental with the announcement it was reported that the Standard Oil of Indiana would show record earnings for the first six months of 1929, and that with present prices continuing the company should have a banner year in volume of business and earnings.

Profits Higher for Phillips Oil

NEW YORK, July 23. (Exclusive) June quarter consolidated net income of the Phillips Petroleum Company totaled \$4,997,937 after all charges but before depreciation and depletion, equivalent to \$2.58 a share on 2,498,800 common shares. It was announced here today. Depreciation and depletion accounting items have never been charged off until the close of the year.

The quarter earnings compare with \$3,621,979, or \$1.51 a share on 2,398,140 common shares in the preceding quarter. In the quarter ended June 30, 1929, the company reported earnings of \$3,414,886, or \$1.49 a share on 2,294,871 shares of common stock. The six months' net was \$8,510,507, or \$2.54 a share against \$6,519,977, or \$2.73 a share in the 1928 period.

Eagle Aero Buys Axelson Motors

Axelson Aircraft Engine Company of Los Angeles yesterday announced the receipt of an order for 250 engines from the American Eagle Aircraft Corporation, whose plant is located at Kansas City, Kan. The order calls for split deliveries.

It was reported that the Axelson Engines are to be used by American Eagle Aircraft Corporation exclusively in its student training and three-engine sport planes.

INITIAL DECLARED

Directors of the Wilshire Medical Building have declared an initial dividend of \$1.50 a share on the capital stock of the holding company, payable immediately to stockholders of record the 20th inst. The building, which is rented only to those of the medical profession, was opened last December and is now 85 per cent occupied.

A PIONEER - in this highly profitable commercial banking field

THE financing of distributors and dealers in automobiles, machinery, refrigerators, and similar articles sold chiefly on the installment payment plan, constitutes a specialized form of commercial banking which has proved both sound and highly profitable. As a pioneer in this field, the Commercial Credit Company has enjoyed unusual success and has never failed to show a profit in each of its 17 years of existence. Net income in 1928 was 13.62% on the average invested capital employed.

The Company's \$3.00 Class "A" Convertible Stock, priced at \$30 per share, offers a dependable 6% income plus an opportunity to share in the further profits through a favorable common stock conversion privilege. Application will be made to list on the New York Stock Exchange. For detailed circular and other information, send this advertisement with your name and address below.

SHULER DELAYS 'FIXING' INQUIRY

Pastor Appears After Grand Jury Waits All Day

Special Session Today Will Hear His Accusations

Asserted Attempt to Bribe Judge Also Coming Up

Hardness of Rev. R. P. (Bob) Shuler, pastor of Trinity Methodist Episcopal Church, South, in appearing before the grand jury yesterday delayed the investigation of the accusation of the minister that an "arrest-fixing ring" is operating here and a special session of the jury will be held today to complete the inquiry.

The minister was scheduled to appear early yesterday with witnesses and evidence in an attempt to support his radio charges that a combination of policemen and a former city official conduct a conspiracy to extort money from traffic law offenders.

IT WANTS ALL DAY

The grand jury waited the entire day for Mr. Shuler to bring witnesses to substantiate his accusations, in accordance with an understanding between Foreman De Garmo and the clergyman made a week ago, and it was not until the hour of adjournment was reached that he arrived.

Efforts were made during the day, according to De Garmo, to apprise the pastor that the grand jury was waiting for him, but he refused to appear until 4:30 p.m., when Mr. Shuler made his presence known.

The grand jury formally had adjourned by this time and the minister waited in the chambers until the foreman came back from returning indictments. A short conference then was held by De Garmo and Shuler, presumably planning today's program.

CLARKE MATTER

After disposal of the Shuler matter the grand jury will take action on charges against Robert D. Clarke, former court clerk, charged with attempting to bribe Municipal Judge Daley Stafford.

The return of an indictment charging Clarke with an attempt to influence Judge Stafford in a decision he was about to render in a civil suit over the dissolution of a \$10,000 real estate partnership between Charles O. Middleton and F. P. Newport and others, was initiated by Foreman De Garmo.

Clarke, who has been held in the County Jail since his arrest, refused to testify before the grand jury yesterday. Word was sent to him in his cell that the jury would hear him, but he declined to appear.

JUDGE HAS TESTIFIED

Judge Stafford gave his version of the attempted bribery to the grand jury last Friday, and at that time it was expected that Clarke would make a statement. He refused to do so, however, and the jury was adjourned until today.

De Garmo, president of the grand jury, said that Clarke was a "first-class" first action has been delayed on account of other pressing matters. In the official statement concerning the case it was made clear that the jury was considering the guilt of those assertedly responsible for his arrest.

OTHER EVENTS

At dawn of Good Friday, the army will trek to the exalted hall of Pontius Pilate and there hear a reading of "Father, forgive them for they know not what they do" to "Into Thy hands I commend my spirit."

On Holy Saturday the voyagers will rest, arriving Easter morning to journey to the Holy Sepulchre, where 750 candles, one in the hand of each pilgrim, will be lighted in succession, by contact one with another, this rite to symbolize the propagation of the faith.

The post-Easter program will take the pilgrims to Bethany, made immortal by the washing of the feet of Jesus, to Bethlehem, His birthplace, thence across the picturesque limestone hills that surround the Holy City, to Jericho, the Dead Sea and the secret River Jordan, where, according to the evangelists, many of his followers will be baptized.

VARIED ITINERARY

En route to the Holy Land, numerous ports of call will be visited, including Madeira, Gibraltar, Algiers, Tunis, Athens, Dardanelles, Constantinople, Alexandria (for Cairo) and Haifa (Palestine). After leaving the scenes of Christian history the party will travel to Naples, the island of Capri, Monaco and then to New York.

A side trip, that will be optional with the pilgrims, will be conducted to Oberammergau, where Anton Lang was born.

CRUSADE SHIP CHARTERED

Aimee McPherson Signs \$500,000 Agreement for Craft on Which 750 Will Go to Holy Land

Aimee McPherson's long-cherished ambition to lead an army of her followers on a pilgrimage to the Holy Land next Easter was launched yesterday on its way to fulfillment. Wreathed in a smile of satisfaction that her dream is about to come true, the evangelist affixed her signature, to an agreement by which, for a consideration approximately \$500,000, she will charter the steamship Republic, 18,400-ton vessel, and set sail from New York, March 30, 1930, on a fifty-two day tour, the main objective of which is Jerusalem.

The contract was made with George C. Gaede, who as general passenger agent of the United States Lines came here from New York especially to sign the document. It was consummated in the office of Cromwell Ormsby, Mrs. McPherson's attorney, and witnessed by William O. Finch, general passenger agent of the United States Lines, and Harry Willis, Los Angeles manager of Thomas Cook & Son, tour agent who will have charge of the land excursions.

HUNDREDS WILL GO

Mrs. McPherson revealed that 350 persons already have made reservations to accompany the twelfth century crusade, and that the entire personnel will total 750. They will be drawn from all parts of the United States. A greater number is prohibited, she said, by reason of inadequate hotel accommodations in and about the Holy Land.

The high point of the pilgrimage will be reached with the arrival of the crusaders in Jerusalem, where six days will be spent at Easter time. An impressive program is planned for this visitation. It will begin on Holy Thursday with communion administered to the pilgrims in the room on Mt. Zion, where the Last Supper was held. The procession then will wind its way down the mountain side to the Garden of Gethsemane, where the pilgrims will remain throughout the night in an attitude of prayer.

UPROAR IN THEATERS PROPOSED

Union Official Advocates Demonstrations to Aid Equity's Fight

A move to have disturbances created in theaters the country over as a demonstration against those players who have opposed officials of Actors Equity Association in enforcing Equity shop upon motion picture producers has been launched by the Central Labor Council.

BALLONA FLOOD DANGER PAINTED

City Requests County Aid to Stave Off Peril

Officials Will Visit Creek Region on 30th Inst.

Heavy Rains He'd to Mean Possible Disaster

Requesting that the Los Angeles county flood-control district take action to prevent what might amount to a flood some day from storm-drain waters discharged into Ballona Creek in the La Cienega-Culver City-South Venice district, the City Board of Public Works conferred with county Board of Supervisors yesterday.

City Engineer Shaw, Assistant City Engineer Tuttle, County Flood Control Engineer Eaton and County Sanitary Engineer Warren attended the conference and arrangements were made for interested officials to visit on the 30th inst. the districts along Ballona Creek, where protection is said to be necessary.

CONDITIONS EXPLAINED

It was pointed out at the conference that the Arroyo de la Baciata storm drain, a city project, is being brought nearer completion, and that the drainage area of the city is being increased by the volume of waters it discharges into Ballona Creek when there is a heavy rain in West Los Angeles and Hollywood. Each paved street in this drainage area and every house built increase the surface from which rain waters pass into the drain without being given an opportunity to sink into the ground. It is estimated that under present conditions one inch of rain causes a serious high-water situation in Ballona Creek as three inches did when the storm water ran off more slowly and was absorbed by the ground.

And with every mile added to the drainage area, the danger of flooding grows more serious. A recent conference among Mexican students in the city of Mexico, in the opinion of Arturo Garcia Formenti, declared champion high-school orator of the world in 1927. Senator Formenti, whose home is in Mexico City, now is in Los Angeles on a sightseeing and pleasure trip, and will visit other American cities before returning to resume his law studies in the University of Mexico.

"Naturally, I felt a great deal of pride in being the first winner of this great contest outside of the United States," he said, "but I feel even more pride in the fact that my victory induced students in nearly every Latin-American nation to come into the contest in the following year."

"I am here now on a trip of amity and good will, and to express to the people of the United States the cordial feeling that has been engendered among Mexican students by this contest and other expressions of a friendly attitude toward Mexico. When I was declared the victor, the students of Mexico felt that the people of the United States appreciated intellectual achievement, no matter in what nationality. As a result of that fact there has been a great eradication of prejudice and ill-feeling."

Senor Formenti is renewing his acquaintance while here with Miss Dorothy Carlson, Ball Lake City high-school orator who was the American finalist in that year, and against whom he competed in the international finals at Washington.

The subject of his winning oration was "Latin America and Pan America," in which he reviewed and rather severely criticized the Monroe Doctrine, calling for its replacement with a new doctrine of the equality of all the American republics. While here he will give several talks on the subject of Pan-American relations, arranged by F. A. Frequenti, Mexican Consul here, though Senor Formenti's visit is private and not arranged by the Mexican government.

Senor Formenti is renewing his acquaintance while here with Miss Dorothy Carlson, Ball Lake City high-school orator who was the American finalist in that year, and against whom he competed in the international finals at Washington.

The subject of his winning oration was "Latin America and Pan America," in which he reviewed and rather severely criticized the Monroe Doctrine, calling for its replacement with a new doctrine of the equality of all the American republics. While here he will give several talks on the subject of Pan-American relations, arranged by F. A. Frequenti, Mexican Consul here, though Senor Formenti's visit is private and not arranged by the Mexican government.

HE LAUDS AMERICAN INFLUENCE IN MEXICO

Arturo Garcia Formenti

CHAMPION ORATOR ON VISIT HERE

Winner in World Contest Seeing Southland Signs While Touring Country

The international oratorical contest has led to an interest in government and its principles on the part of the students and intellectuals of Mexico that will do that nation much benefit, in the opinion of Arturo Garcia Formenti, declared champion high-school orator of the world in 1927. Senator Formenti, whose home is in Mexico City, now is in Los Angeles on a sightseeing and pleasure trip, and will visit other American cities before returning to resume his law studies in the University of Mexico.

"Naturally, I felt a great deal of pride in being the first winner of this great contest outside of the United States," he said, "but I feel even more pride in the fact that my victory induced students in nearly every Latin-American nation to come into the contest in the following year."

"I am here now on a trip of amity and good will, and to express to the people of the United States the cordial feeling that has been engendered among Mexican students by this contest and other expressions of a friendly attitude toward Mexico. When I was declared the victor, the students of Mexico felt that the people of the United States appreciated intellectual achievement, no matter in what nationality. As a result of that fact there has been a great eradication of prejudice and ill-feeling."

Senor Formenti is renewing his acquaintance while here with Miss Dorothy Carlson, Ball Lake City high-school orator who was the American finalist in that year, and against whom he competed in the international finals at Washington.

WEDNESDAY MORNING, JULY 24, 1929.

C

BUTTIN', BUTTIN'

Joe "The Chief" Sonnenberg, heavyweight wrestling champion of the world, demonstrates to admiring fans his new "flying tackle" at the Olympic Auditorium tonight. The former all-around champion is known for his "flying tackle" after he butts 'em, as he is demonstrating here on a dummy, he butts 'em, and it's usually all over.

HOLLYWOOD STARS WIN OVER TRIBE

Shellenback Turns Back Indians, 11-3; Lamanski Blows Up in Second

SEATTLE, July 23.—Taking advantage of a wild streak by Lefty Lamanski in the second inning when they shoved over five runs, the Hollywood Stars ended their losing streak today by defeating the Seattle Indians, 11-3, in the series opener. Lamanski forced over two of Hollywood's best pitchers in the second by leading walks with the bases filled. The win put the Stars in third place, the Indians losing to Portland and dropping to fourth. Frank Shellenback, veteran pitcher, hurled for Oscar Vitt's squad and breezed through to victory after being promoted with the generous lead. The Tribe got to Shelly for ten hits, but were able to bunt them in but one inning.

Taylor, Seattle first-inning.

CUBS GAIN ON BUCS

Giants, 2 to 0, as Pirates Drop 10-to-7 Sluggest to Brooklyn Club

PITTSBURGH, July 23.—(AP)—The home run by the bases full in the seventh inning today enabled the Robins to avenge yesterday's defeat with a 10-to-7 victory over the Pirates. The defeat reduced Pittsburgh's margin in the National League to half a game. The Pirates used five pitchers. Fred Fussell started but went out in the second inning, when the Robins staged a four-run rally. Doug McWeeny, who started for the Robins, was removed in the fifth inning because of wildness. Morrison finished and was given credit for the win.

CARDINALS RECALL M'KECHNIE

SENATORS DROP TENTH IN ROW

Bryan Twirls Six-Hit Ball But Loses Decision

Seraphs Bunch Safeties in Fifth and Seventh

Berger Swats Twenty-sixth Home Run in Eighth

BY BOB RAY

Although Ed Bryan held them to six hits, Jack Lelivelt's hustling Angels got their bingles where they did the most good and registered a 4-to-0 victory over the stumbling Solons in yesterday's series opener at Wrigley Field.

The kind of ball Bryan served up would win most ball games, but yesterday he was up against Clyde Barfoot, who baffled the 8 a team on sluggers so successfully that the boys from the heart of California were forced to submit to their teeth strategy.

Barfoot gave the Solons seven hits and kept them so well scattered that in only one inning did one of Buddy Ryan's athletes get past second base. Against that kind of hurling Bryan didn't have a chance, despite his good work on the mound.

The victory was particularly helpful to the Lelivelt cause for it permitted the Angels to cut down the lead of the Seals, who were beaten by Oakland. The Cherubs are now but two games behind Nick Williams' squad and prospects are bright for their catching the Seals before the week rolls by.

FASTEST CONTEST
With both Barfoot and Bryan turning back the rival hitters in rapid order, the contest was hurried through in one hour and twenty-one minutes, so that makes it the fastest game of the season. Barfoot helped speed up the action retiring the Seals on three pitched balls in one inning and disposing of them on four pitches in another round. It was a nifty pitching performance on the part of both chuckers.

Both hurlers were given all-right support, Ray Jacobs and Carl Dittmer making brilliant plays for the Angels and Lenny Becker coming up with a nice stop and throw of Berger's slow roller for Sacramento.

The Senators made their lone threat in the fourth when, with one away, Becker singled

(Continued on Page 10, Column 2)

SCHMELING'S SUSPENSION IS BAR TO FIGHT WITH SHARKEY

NEW YORK, July 23.—(AP)—The New York State Athletic Commission today served formal notice upon William F. Carey and Madison Square Garden that disciplinary action will be taken if the Garden proceeds with plans to promote a Schmeling-Sharkey heavyweight match in or outside of New York State while the German is under suspension.

The commission insists that Schmeling must fulfill a contract made by his German manager, Arthur Buelow, for a match with Phil Scott before entering any other engagements. Schmeling is under suspension for refusal to recognize Buelow or this contract. The attitude of the commission struck a blow at negotiations to match Schmeling with Jack Sharkey in September outside of New York, preferably Chicago. This had been the Garden's program.

OKUN REPEATS KNOCKOUT VICTORY OVER DANIELS

Youngster's Handlers Throw in Towel Following Third Trip to Canvas in Round Three

BY PAUL LOWEY

Yale Okun sent the Olympic cash customers home early last night. For the second time within the month he stopped young Dick Daniels of Minneapolis, this time in three rounds—one round less than on the occasion of their previous engagement.

Outside of the second round, when his aggressiveness earned him a slight shade, Daniels was at the mercy of his more seasoned foe. Instead of the free-lancing boy who whipped in lefts to the stomach and hard rights to Okun's head in the first fight, Daniels seemed hampered with the memory of that former beating when he was led from the ring bleeding badly.

In fact, his mouth, which was cut three weeks ago, appeared hardly healed last night and Okun had opened and bleeding in the first round.

DOWN THREE TIMES
Down three times from left hooks to the face, Daniels was spared further punishment in the third round when his seconds tossed in the towel.

Boasting easily, Okun captured the first round by a big margin, letting Daniels force the issue and counterpunching as the Minneapolis boy came in.

Daniels was more aggressive in the second round and took the session by a slight shade with rights to the stomach and face.

When the third round opened it appeared that Okun merely had been hiding his time. He soon had Daniels on the ropes and sent him to his knees with a stiff left hook. Up at the nine count Daniels again went down momentarily from another left and when he collapsed the third time the towel floated.

Both boys came in weighing 160 pounds. Frank Holbrook refereed the main event, which was preceded by an introduction of the former boxing idol of France, Georges Carpentier. Eddie Mack, Denver colleague who knocked out Baby Sal, was introduced as the opponent of Doc Small next week.

ANOTHER KNOCKOUT
The semi-wind-up also produced a technical knockout when Frankie Campbell of San Francisco, accompanied by Clyde Colvin in the fourth of a scheduled eight-round bout, Colvin was down for nine in the first round, nine in the second and eight in the fourth. His next trip to the canvas brought the intervention of Referee Steve Nyland. Campbell was too rough and tough to suit Colvin and he seemed to welcome the ending of the affair.

Pat Hayward and Walter Hoffman, who ought to make good stewards some time, fought four rounds to a draw, although if anybody is interested Hoffman really was the first three rounds.

Referee Steve Nyland called the Mission Bob-Kenneth Johnson bout a draw, but Johnson won three of the four rounds.

Trench King threw enough right hands in the last round of his four-round skirmish with Marcus Zorilla to gain the nod.

BARRACUDA RUNNING OFF REDONDOO BEACH

REDONDOO BEACH, July 23.—Barracuda have been running so heavily during the last few days that anglers returning from the Monsted live-bait boats and barges off Redondo Beach have been unable to carry their catches home.

Fishermen report. Commercial anglers have been compelled to take their barracuda catch to other cities to sell it, as the local market is flooded. Halibut, bonito, bass and sea trout are biting well.

JUNIOR STARS TO BE FETED

A round of receptions is being planned by the citizens of San Pedro for Robert San Jose, national senior Junior Olympic champion; Jerry Deal, winner of second place in the junior division; and Arthur A. Dietz, the veteran coach of Anderson Memorial Playground, who is responsible for the remarkable showing made by the two boys from Southern California.

SOUTHWORTH REPLACED AS ST. LOUIS CLUB MANAGER

Man Who Piloted Cards to Pennant Last Year Leaves Rochester to Take Over New Job Today

ST. LOUIS, July 23.—(AP)—President Sam Breadon of the St. Louis Cardinals announced today that effective tomorrow William McKechnie, now managing the Rochester club of the International League, will again take over the management of the Cardinals and that Manager Billy Southworth will be sent back to Rochester in the managerial role.

McKechnie piloted the Cardinals to a championship in the National League last year, but was shifted to the management of the Rochester club, Cardinal farm, after he dropped four games in a row to the New York Yankees in the world series.

Southworth, who also led the Rochester club to a pennant in the International League, was placed in charge of the Cardinals.

The change, it was announced, was due to the Cardinals' disastrous slump since the first of June, which had carried the team from first place to fourth. The Cardinals returned last night from an eastern invasion in which they lost fifteen out of twenty-two games. Some critics attributed the losing streak to collapse of the pitching staff, but Breadon thought a change in management might be for the best.

Southworth relinquished his management of the Cardinals this morning and Coach "Caddy" Street was placed in charge for this afternoon's game with Philadelphia. McKechnie will arrive in time to take charge tomorrow.

Breadon, in announcing the change, said he realized he "had made a mistake in ousting McKechnie last winter," and for that reason was bringing him back.

"McKechnie has made good wherever he has served," Breadon said. "I myself took the world series of 1928 too much to heart and now realize that I have made a mistake. I still think we have the best ball club in the National League and believe that under McKechnie we will again get into the race for the pennant."

Breadon added that he has not "lost faith in Southworth."

RED GRANGE RETURNS

Football Star Back in Los Angeles for Another Whirl at Motion-Picture Game

"Red" Grange is back in this city to make another motion picture. The famous football idol arrived here yesterday with his father, "Red" name was a by-word with driving from their home in Wheaton, Ill., and announced that he would go to work at Universal next month on some sort of college football picture.

Four years ago when he was playing with the Chicago Bears professional eleven Grange appeared in the football picture, "One Minute to Play." It was made in Hollywood.

The picture was a tremendous hit, especially in the centers where "Red" name was a by-word with driving from their home in Wheaton, Ill., and announced that he would go to work at Universal next month on some sort of college football picture.

Big Bear Lake Gets Air Service

In connection with airplane travel between Los Angeles and Big Bear Lake, negotiations have been completed authorizing a franchise grant to the Standard Airlines, to operate commercial plane service, utilizing the Big Bear City Airport as a mountain terminus. Confirmation of this deal was made yesterday by Jefferson W. Asher, who owns and controls the resort landing-field. The time the plane will be shortened to fifty-five minutes from Los Angeles, through utilization of this new airport, it is said. The airport lies between Baldwin and Big Bear lakes.

The new service will become effective tomorrow, Mr. Asher announced.

WARNERS TEAM TWO COSTELLOS

Dolores and Helene to Play in "Show of Shows"

Joan Bennett Secures Role in "Mississippi Gambler"

Film Critics Vote for Ten Best Directors

BY MURIEL BARCOCK

The Costello girls, none other than Dolores and Helene, will do a "sister act" in Warner Brothers' "Show of Shows," glittering musical revue, with John Barrymore, the distinguished husband of Dolores, introducing the pair.

This bright piece of news was announced yesterday coincidentally with the fact that Dolores and Helene, besides offering a song number in the revue,

will appear in a comic skit with four other actors and actresses, one of whom will be Louise Fazenda.

Sister-act seems to be quite the thing in Hollywood these days. Bally O'Neil and Molly O'Day, sisters despite the difference in names, are also to be seen in the revue, and Fox, it is reported, is endeavoring to link Bally Bane, Loretta Young and Polly Ann Young, three of the same family, in one picture.

DOLORES COSTELLO

will appear in a comic skit with four other actors and actresses, one of whom will be Louise Fazenda.

Sister-act seems to be quite the thing in Hollywood these days. Bally O'Neil and Molly O'Day, sisters despite the difference in names, are also to be seen in the revue, and Fox, it is reported, is endeavoring to link Bally Bane, Loretta Young and Polly Ann Young, three of the same family, in one picture.

JOAN BENNETT HAS NEW LEADING ROLE

To Joan Bennett, recently chosen as Harry Richman's lead in his new United Artists production, "The Song of Broadway," goes as well, the leading role in Joseph Schildkraut's new picture, "The Mississippi Gambler."

Choice of Miss Bennett as Schildkraut's leading woman in this Universal all-dialogue production, directed by Reginald Barker, made yesterday after several weeks' consideration by executives of a number of leading women.

Alec H. Francis is to have the father role in the picture, the story of which is written around days of the flourishing casinos on the Mississippi boats.

Best Directors Chosen

The ten best directors of 1937-1938, as selected by 504 fan, trade and newspaper critics voting in the Film Daily, were announced yesterday as follows:

Ernst Lubitch, George Fitzmaurice, Frank Borzage, C. B. De Mille, F. W. Murnau, William Wellman, Clarence Brown, Raoul Walsh, Lloyd Bacon and Frank Lloyd.

The vote covered forty-five States, the District of Columbia and Canada, and is said to represent 35,000,000 circulation. It is based on pictures generally released from May 1, 1937, to May 1, 1938. Road shows and special engagements have played only a limited number of engagements are not included.

Beaulieu Love at Work

Completely recovered from injuries suffered in a recent automobile accident, Beaulieu Love returned to work yesterday when Metro-Goldwyn-Mayer began production on "Road Show," a new musical comedy of backstage life which Charles F. (Chuck) Reisner is directing.

At the same time came the announcement that Marie Dressler and Polly Moran have been signed to play a comic skit in the production, in which Charles King is seen opposite Miss Love. Jack Benny has a featured role, and Nita Martin does a heavy part. The story is an original by Beaulieu Love, which Wells Root prepared the continuity. Dialogue honors are shared by Reisner and Robert Hopkins.

Guy Bolton Leaves

Guy Bolton, having completed a libretto for Paramount's original comedy, "The Love Parade," said to be the first for the talking screen, leaves today for London, where he will be present at the opening of "His Girl Friday."

He will return on November 1, to do additional writing for the studio. "The Love Parade" is being directed by Ernst Lubitch and stars Maurice Chevalier.

New Contract Award

Now that Reginald Denny has changed his name to John Garrick, Fox has seen fit to award him a long-term contract. Denny, or rather Garrick, first seen in "The Whistling Well," which was a failure at the box office, received his contract on the strength of work he is doing in "Married in Hollywood" and "The Sky Hawk" for Fox.

Stings at Tree-Art

The series of talking pictures which Julian Hingst, well known as a female impersonator, is to do for the screen will be produced by Jesse Well at the Tree-Art studio, Well wishes it known.

The first two to be produced will be from old stage plays, "The Enchanted Widow" and "My Cousin Lucy." The second two will be from original stories now being prepared by Grace Elliott.

Cost Groves

The cast of "Navy Blues," William Haines' new starring picture for Metro-Goldwyn-Mayer, leaves yesterday. Harry Woods, known as a heavy, and Wade Boteler, a character actor, have signed. Clarence Brown is directing.

CHRISTOPHERSON SOUGHT

A distracted mother of Prairie du Chien, Wis., has asked The Times, in a letter received yesterday, to aid her in notifying her 38-year-old son, Finn Christopherson, that she is seriously ill and anxious that he communicate with her. He is an electrician, having worked at some of the Hollywood studios, and is reported to have left here a year ago for San Diego.
